144-core fiber optic cable junction box brand

Overview

The SJ-ODB-M18-B metal fiber termination box is a sturdy, high-capacity enclosure made of premium metal, accommodating up to 144 fiber cores for reliable and efficient management of outdoor fiber optic networks in demanding environments. The 144 cores dome type fiber optic splice closure come with 2 inlets and 4 outlets, which is including 6 splice trays, each accommodating 24 fibers. The fiber optic joint box body is crafted from reinforced plastic, a material renowned for its high strength and corrosion resistance. Sijee supply different ports types, fittings and different fiber optic core. 24 48 96 144 Core PP Dome WallMount Outdoor Fiber Optic Splice Enclosure Jounction Box Black FOSC400B4 fiber optic splice closures are specially designed to protect joints of optic cable. The optical fibers are fusion on. Our patch cords are engineered with precision, featuring low-loss connectors and high-quality fiber cores. Designed for ftth with adapter if need.
