A reputable cable tray manufacturer in Norway

Overview

We offer the market''s widest range of wire trays. With stainless steel wire trays in stock and custom solutions, we can always meet your unique needs.

Key Takeaways

Top Norwegian cable tray manufacturers include Oglaend System, Nordic Wire Tray, and BVS, all known for high-quality, customizable solutions for industrial, offshore, and renewable energy projects.

Leading Manufacturers

Oglaend System Founded in 1977 in Sandnes, Norway, Oglaend System is a global leader in multidiscipline support systems, cable trays, and cable ladders. The company serves industries such as oil & gas, shipbuilding, wind energy, marine farming, and infrastructure. Their MultiGrid® installation concept reduces project costs by optimizing weight, installation time, and coordination between disciplines.

Oglaend System operates factories in Norway, Malaysia, and China, ensuring extensive local stock and fast supply chains. Nordic Wire Tray (NWT) NWT specializes in wire trays, data racks, and complete cable management systems. With over 20 years of experience, they offer customizable solutions tailored to project-specific requirements.

Their X-

Tray product line provides a wide range of cable trays with various surface treatments, long support spacing, and easy installation.

NW

T emphasizes flexibility, high-quality materials, and fast delivery, making them suitable for demanding industrial and commercial projects.

BVS BV

S is a Norwegian-based supplier focused on offshore and arctic environments. They provide cable ladders, trays, struts, trefoil cleats, and earthing bars, all made from AISI 316L stainless steel.

BV

S products are designed for extreme weather conditions and offshore installations, including oil platforms and arctic projects.

Their R&

D department ensures continuous innovation and compliance with stringent marine and offshore standards. Market ContextNorway's cable tray market is driven by sectors such as oil & gas, renewable energy, maritime, datacenters, and industrial construction. Demand emphasizes durable, corrosion-resistant, and technically compliant trays, particularly for offshore and renewable energy projects.

Both domestic fabricators and international suppliers compete on technical expertise, project delivery, and value-added services rather than price alone.

Summary

For high-quality cable trays in Norway: Oglaend System – best for multidiscipline industrial and infrastructure projects. Nordic Wire Tray – ideal for flexible, customizable, and fast-delivery solutions.

BV

S – specialized in offshore and arctic environments with stainless steel systems. These manufacturers provide reliable, technically advanced solutions suitable for Norway's demanding industrial and renewable energy sectors.
