Overview

Perforated Cable Tray In AsiaWe, the best Perforated Cable Trays Manufacturer and Supplier in Asia, offer a wide range of perforated cable trays in various.

Key Takeaways

Leading perforated cable tray manufacturers in ASEAN include Brilltech Engineers (Asia), Metal Perforators Sdn Bhd (Malaysia), Array Metal (Malaysia), and PT Ori Polytec Composites (Indonesia). Key Manufacturers in ASEAN1. Brilltech Engineers Pvt.

Ltd. (Asia) Brilltech Engineers is recognized as a top manufacturer of perforated cable trays in Asia. Their trays are made from high-quality steel with punched holes for improved ventilation, reduced weight, and cost efficiency. These trays are suitable for data centers, factories, and commercial buildings, and are designed for quick installation and long-lasting performance.

2. Metal Perforators (M) Sdn Bhd (Malaysia) Located in Shah Alam, Malaysia, Metal Perforators specializes in cable support systems, including perforated cable trays, ladders, trunking, and ducting. They use stainless steel, mild steel, and epoxy-coated materials, and their products are certified by ISO, SGS, DNV, and ABS.

MP

M serves industries such as oil & gas, construction, infrastructure, and manufacturing, offering durable and heavy-duty cable support solutions. 3. Array Metal Sdn Bhd (Malaysia) Array Metal provides a wide range of cable trays, ladders, trunking, and wire trays.

Headquartered in Malaysia, they have a strong international presence, supplying to Singapore, Australia, and the United States. Their products are known for quality, reliability, and timely delivery, making them suitable for large-scale industrial and commercial projects. 4.

P

T Ori Polytec Composites (Indonesia) PT Ori Polytec manufactures ORITRAY fiberglass cable tray systems, including ladder and channel types. While primarily fiberglass, these trays are corrosion-resistant, fire-retardant, and UV-protected, making them ideal for chemical, electrical, and industrial applications.

ORITRA

Y is a market leader in Indonesia for high-quality cable support systems.

Advantages of ASEA

N Manufacturers
Cost-effective solutions due to competitive regional pricing
High-quality materials and adherence to international standards (ISO, CE, SGS)
Durable designs suitable for tropical climates and industrial environments
Customization options for different sizes, load capacities, and installation requirements
Prompt delivery and regional distribution networks
These manufacturers provide reliable options for companies seeking perforated cable trays in ASEAN, supporting both local and international projects with high-quality, durable, and efficient cable management systems.
