Access Switch 2700

Overview

The Huawei S2700-26TP-EI-DC is an entry-level enterprise switch designed for reliable Fast Ethernet access in campus and branch networks. It provides 24 FE ports and 2 GE combo uplinks, ideal for SMBs and distributed offices across Asia, Europe, Africa, and North America. The S2700 series Ethernet switches (S2700 for short) are next-generation energy-saving 100M Ethernet intelligent switches. The S2700 utilizes cutting-edge switching technologies and Huawei Versatile Routing Platform (VRP) software to meet the demand for multi-service provisioning and access on.
