Aluminum Conduit Cable Tray Manufacturer

Overview

Need lightweight, corrosion-resistant cable management? Discover leading aluminium cable tray manufacturers for industrial applications. Compare suppliers and get custom quotes today!

Key Takeaways

Leading manufacturers of aluminum conduit cable trays include Hazquip Solutions, EAE Electric, ABB, and Almeer Industries, offering durable, corrosion-resistant, and lightweight solutions for industrial and commercial applications.

Key Manufacturers and Suppliers

Hazquip Solutions provides a wide range of cable tray systems and conduits, including aluminum trays, designed to withstand extreme temperatures, chemical exposure, and mechanical stress while meeting industry standards such as NEC and IEC. Their products are suitable for hazardous environments and heavy-duty applications, ensuring long-term cable protection and compliance.

EA

E Electric specializes in aluminum cable trays and ladders that are lightweight, durable, and corrosion-resistant. Their aluminum solutions offer high load capacity, easy installation, and superior thermal conductivity, preventing cable overheating. Aluminum trays are ideal for both indoor and outdoor applications, including industrial facilities and commercial buildings.

AB

B offers aluminum and steel cable trays with a variety of finishes, lengths, and bottom styles. Their systems comply with ASTM A123, ISO 1461, and NEMA VE 1-2017 standards, providing reliable cable support and flexibility for system modifications or expansions. Almeer Industries manufactures high-quality cable tray systems for commercial and industrial construction.

Their aluminum trays provide an alternative to conduit systems, allowing easy installation and future expansion of wiring systems.

International Manufacturers

Germany hosts several notable cable tray manufacturers, including ALUKAFLEX, which produces aluminum cable systems with flexible designs and durable materials, enhancing efficiency and cost savings. Other German manufacturers such as Icotek, Rosenberger-OSI, and TKD KABEL GmbH also offer aluminum cable management solutions for industrial and commercial applications.

Advantages of Aluminum Cable Trays

Lightweight and strong: Easier to handle and install compared to steel trays. Corrosion-resistant: Suitable for harsh environments, including outdoor and saltwater applications. High thermal conductivity: Reduces cable overheating and enhances safety.

Durable and fire-resistant: Aluminum does not rust and produces minimal toxic gases in case of fire. Flexible installation: Supports dense cable transitions and allows system modifications without replacing the entire tray. These manufacturers provide aluminum conduit cable trays that meet modern industrial and commercial requirements, ensuring safety, durability, and compliance with international standards.

Aluminum Cable Tray

© 2026 FD SOLUCIONES OPTICAL SYSTEMS - All rights reserved

Aluminum Cable Tray systems are lighter than steel cable tray and Certified CSA Cable Tray, UL listed, NEMA and certified. Because of their lighter weight aluminum cable trays are easier to install than

Cable Tray Systems

Our aluminum, I-beam ladder cable trays feature 3-inch tangents and are using connectable with our fittings and accessories. Aluminum ladder cable trays

Our Brands & Ranges

We are a full service provider, specialising both in cable management for ceilings, walls and floors and in technical consulting, planning and installation/assembly.

Aluminium Cable Trays | EAE Electric

The aluminum cable tray is a lightweight, durable, and cost-effective solution used for organizing and safely carrying electrical and data cables. With easy installation and strong corrosion resistance, it is

Delta Cable Trays – Powering the Future with Reliable

Get comprehensive cable support structures and industrial cable solutions to future-proof your infrastructure. Delta manufactures a complete range of cable

653 Series Snake Tray Aluminum Cable Tray | Snake Tray

Snake Tray offers Aluminum Cable Trays to accommodate our customer''s needs for larger cable trays. Aluminum Cable Trays are a light weight for easier installation while offering a high loading capacity

Cable Management Systems for Power and Data | MonoSystems

Niedax MonoSystems stands alone as the only manufacturer of cable tray, raceway, power poles, j-hooks, in-floor systems and more that sell direct.

Electrical Cable Tray Suppliers

Looking for a high-quality cable tray manufacturer? Shielden specializes in designing and manufacturing durable, high-performance cable tray systems to

Installation Products | ABB Electrification U.S.

With more than 200,000 products under our trusted brand names, these solutions can be found wherever electricity is used.

Eaton Crouse-Hinds TMCX6206 Cable Gland – 2 in NPT, Explosion

© 2026 FD SOLUCIONES OPTICAL SYSTEMS - All rights reserved

The Eaton Crouse-Hinds TMCX6206 cable gland is designed for hazardous and classified locations where explosion-proof cable termination and sealing are required. It is compatible with TECK

Cable Tray Market Size, Share, Types, Trends, Report 2035

Cable management is evolving well past basic wire routing. Legacy conduit-based systems — rigid, labor-intensive, and difficult to modify — are steadily giving way to modular tray

Cable Trays Raceways for Electrical Cables

Cable Trays Raceways Manufacturer & Supplier in India Hyderabad Telangana and Andhra Pradesh Cable Trays and Raceways provide safe, organized, and durable pathways for electrical cables in

price-of-estonian-mesh-cable-trays

23 Companies and suppliers for price-of-estonian-mesh-cable-trays Find wholesalers and contact them directly Leading B2B martketplace Find companies now!

Power Cable Manufacturer in India | LT/MV PVC & XLPE | BMI

Copper and aluminium conductors — 1.5 sq.mm to 630 sq.mm cross-section range Armoured (SWA/STA) for underground and exposed installations; unarmoured for cable tray and conduit Not

Top 5 Cable Tray Manufacturers in North America

Find the leading cable tray manufacturers in North America, with insights into top companies, compliance standards, and essential factors for choosing the right
