Cable House provides a comprehensive range of cable trays with a focus on durability, reliability, and long operating life. They use graded raw materials and modern manufacturing technologies to meet industry norms and global client requirements.

Materials and Types

Austrian manufacturers produce cable trays in galvanized steel, stainless steel, aluminum, and fiberglass (FRP/GRP). They offer perforated trays, ladder trays, and walkable systems, catering to diverse applications including industrial plants, commercial buildings, and offshore projects.

Applications and Benefits

Industrial and plant construction: Heavy-duty support for electrical cables and instrumentation. Automotive and commercial sectors: Organized cable management and protection from environmental hazards. Enhanced safety: Reduces fire and electrical hazards while improving airflow and cooling.

Customization: Trays can be tailored in size, shape, and material to meet specific project requirements.

Services

Many Austrian manufacturers provide installation support, system design assistance, and technical consultation, ensuring that cable tray systems are optimized for performance and compliance with industry standards. Choosing an Austrian cable tray manufacturer ensures access to high-quality, durable, and compliant cable management solutions suitable for a wide range of industrial and commercial applications.
