Bulgarian optical fiber cable equipment

Overview

By year''s end Cable Com has gained acceptance as a leading supplier and cable installer to the Bulgarian state officials, petrochemical and energy markets.

Key Takeaways

Bulgaria offers a range of suppliers and manufacturers for optical fiber cables and related equipment, including Tilcom, Opticom, CableCom, and Cimler.

Key Suppliers and Manufacturers

Tilcom Ltd. has been active since 1999, supplying cables, cable accessories, electrical equipment, and optical cables. They provide high-quality products and consulting services for telecommunication and electrical projects in Bulgaria. Opticom Ltd. specializes in optical communication systems, offering consulting, design, splicing, testing, and damage localization for fiber optic lines.

They represent international brands such as Sumitomo, EXFO, Trend Network, and Euroclust in Bulgaria, providing advanced testing and measurement equipment.

Cable

Com Ltd. focuses on computer networking, fiber optics, and data communication equipment. They provide structured cabling systems, system integration, and installation services for both public and industrial sectors, ensuring high-performance solutions from leading global manufacturers. Cimler Ltd. is a Bulgarian manufacturer of high-quality fiber optic cables, established in 2018 with a production plant operational since early 2025.
