Cable tray and cable manufacturer

Overview

Cable tray, Wireway Find your cable tray easily amongst the 87 products from the leading brands (Legrand, Black Box, OBO Bettermann.) on DirectIndustry.

Key Takeaways

Leading cable tray manufacturers include Atkore, PT Trias Indra Saputra, Chalfant Manufacturing, Sunil Engineering, ELCON, Snake Tray, Trayco, and ECTRAY, offering a wide range of cable management solutions globally.

Key Global Manufacturers

Atkore International: A major global manufacturer providing cable tray systems, cable management solutions, and infrastructure products. They offer stainless steel, galvanized, and custom cable trays suitable for construction, renovation, and industrial projects.

P

T Trias Indra Saputra: Specializes in reliable cable tray systems for indoor and outdoor applications, focusing on energy solutions and industrial installations. Chalfant Manufacturing: Offers innovative cable tray lines such as GR_Magic, RKS-Magic, and BKRS-Walkable trays, with over 70 years of experience in tailored solutions. Sunil Engineering Corporation: Produces perforated, ladder, and other cable tray types, along with accessories and junction boxes, emphasizing high-quality fabrication and customization.

ELCON CABLE TRAY

S PVT. LTD.: Manufactures and exports wire mesh, ladder, and perforated cable trays, along with related accessories, recognized for extensive product range and market leadership. Snake Tray: Focuses on aluminum and steel cable trays, power distribution solutions, and cost-effective cable management systems for data centers, solar installations, and transit projects.

Trayco: A Belgian manufacturer producing cable trays, mesh trays, and cable ladders, providing advisory services and customized solutions for installation projects.

ECTRA

Y Solutions: Offers high-strength cable trays and ladders with various coatings (pre-galvanized, hot-dipped galvanized, painted) and thicknesses from 2mm to 6mm, supporting project planning and management.

Product Types and Materials

Cable trays are available in multiple types to suit different applications: Ladder-type trays: Heavy-duty, ideal for industrial, oil, gas, and renewable energy sectors. Perforated trays: Allow ventilation and are suitable for IT and data center environments. Wire mesh trays: Flexible and lightweight, often used in commercial and IT installations.

Trough and channel trays: Provide enclosed cable protection for sensitive environments. Materials commonly used include galvanized steel, stainless steel, aluminum, fiberglass, and painted coatings, with options for waterproof or corrosion-resistant designs.

Standards and Certifications

Manufacturers often comply with international standards such as BS EN 61537, NEMA, CENELEC EN 50173-1, EIA/ITA 568 A, and ISO/IEC 11801-1: 2017, ensuring quality, safety, and compatibility with electrical installations.

Market Insights

The global cable tray market is growing due to industrial expansion, IT infrastructure development, and renewable energy projects. Ladder-type trays are in high demand, and platforms like Tradewheel facilitate access to customized solutions from multiple manufacturers worldwide. These manufacturers provide extended warranties, professional guidance, and tailored solutions to meet diverse project requirements, making them reliable partners for both small and large-scale installations.
