Cable tray cable junction box price

Overview

Shop high-quality cable trays junction boxes from reliable suppliers. Find durable, waterproof, and cost-effective solutions for your fiber optic needs.

Key Takeaways

Cable junction boxes typically range from $10 to $450 depending on type and material, while cable trays range from around $100 to $300+ per section for industrial-grade units.

Cable Junction Boxes

Price Range: Indoor plastic boxes: $10–$60 for standard sizes; small enclosures can start as low as $5. 80, while larger polycarbonate models may reach $61. 60.

Indoor metal boxes: $50–$220, offering higher durability and impact resistance. Outdoor/weatherproof boxes: $70–$450, designed for rain, UV exposure, and dust protection; premium NEMA-rated or IP66/IP67 enclosures are at the higher end. Retail examples: Lowe's sells standard junction boxes around $18, with a range of $13–$63.

Walmart and Amazon offer similar ranges, with some specialized waterproof or multi-port boxes priced $12–$55. Installation Costs: Indoor installation: $100–$200Outdoor installation: $400–$450Complex outdoor setups can reach $1000 due to weatherproofing and additional wiring. Tips: Buying multiple boxes at once or opting for plastic for simple indoor projects can reduce costs.

DI

Y installation is possible for $15–$32 per box, but permits and inspections may apply.

Cable Trays

Price Range: Wire basket trays (steel, pre-galvanized): $98–$153 per 10-foot section. Ladder-type trays (steel or aluminum): $191–$300+ per 10-foot section, depending on width and material. Wire mesh trays (6" wide, pre-galvanized): $107–$123 per 10-foot section.

Accessories: Splice kits $21–$160, end caps $12–$37, support brackets $18–$72. Material Considerations: Steel: High load capacity, moderate corrosion resistance, cost-effective for indoor industrial use. Stainless steel: Excellent corrosion resistance, ideal for harsh or outdoor environments, higher cost.

Aluminum: Lightweight, corrosion-resistant, moderate to high cost. Fiberglass Reinforced Plastic (FRP): Non-conductive, corrosion-proof, higher cost, suitable for chemical or high-humidity environments. Applications: Cable trays are used in industrial plants, commercial buildings, data centers, and outdoor installations.

Ladder trays are preferred for heavy or large-diameter cables, while perforated trays improve ventilation and heat dissipation.

Summary

Junction boxes: $10–$450 depending on material, size, and weatherproofing; installation adds $100–$300+. Cable trays: $98–$300+ per 10-foot section for industrial-grade steel or aluminum; accessories and supports add to total cost. Material choice, environment, and installation complexity significantly influence total costs.

For bulk or specialized orders, suppliers like Platt Electric, Graybar, and Alibaba offer industrial-grade trays and junction boxes with pricing based on quantity and specifications.
