Chad Professional Aluminum Alloy Cable Tray Manufacturer

Overview

Aluminium Cable Trays | EAE ElectricThe aluminum cable tray is a lightweight, durable, and cost-effective solution used for organizing and safely carrying.

Key Takeaways

Brilltech Engineers Pvt. Ltd. and NewReach are key suppliers of aluminum alloy cable trays suitable for projects in Chad. Brilltech Engineers Pvt.

Ltd. Brilltech Engineers is a prominent cable tray manufacturer and supplier in Chad, offering a wide range of cable management solutions including aluminum ladder cable trays. Their products are designed for industrial and commercial applications, providing excellent durability, corrosion resistance, and compliance with international quality standards.

Brilltech offers customization options for size, dimensions, material, and length, ensuring that cable trays meet specific project requirements. Their trays also support efficient cable organization, improved airflow, and enhanced safety, making them suitable for harsh environments.

New

Reach Aluminum Cable TraysNewReach specializes in aluminum alloy cable trays that are lightweight, corrosion-resistant, and easy to install. These trays are designed to support high cable loads, prevent overheating, and reduce electromagnetic interference, making them ideal for data centers, industrial facilities, and coastal regions.

New

Reach trays are crafted from durable aluminum alloys such as 6063, ensuring long-lasting performance with minimal maintenance. Their smooth finish also enhances aesthetics for visible installations, and the trays are engineered with a 1. 5 safety factor to support additional concentrated loads.

Key Features to Consider

Material: High-quality aluminum alloys for corrosion resistance and lightweight handling. Design: Ladder or perforated trays for optimal airflow and cable protection. Customization: Options for length, width, and load capacity.

Durability: Resistant to environmental hazards, reducing maintenance and replacement costs. Applications: Industrial, commercial, data centers, and infrastructure projects. For projects in Chad, Brilltech Engineers Pvt.

Ltd. is a local supplier with export experience, while NewReach provides specialized aluminum alloy trays suitable for high-performance and corrosion-prone environments. Both companies offer technical support, installation guidance, and tailored solutions to meet project-specific needs.
