

Current Price of Armenian Cable Trays

Overview

Sell Armenian Cable Tray Prices in bulk to verified buyers and importers. Connect with businesses actively looking to buy wholesale Armenian Cable Tray Prices at best prices.

Key Takeaways

The price of cable trays in Armenia varies widely depending on material, size, and customization, typically ranging from \$15 to \$150 per meter for standard wire mesh or metal trays.

Overview of Cable Tray Options in Armenia

In Armenia, cable trays are available in wire mesh, metal, and custom configurations. Wire mesh trays are popular for their durability, ventilation, and ease of installation, while solid metal trays provide additional protection for cables in industrial settings. Standard sizes and materials influence the cost significantly.

Price Factors

Material: Galvanized steel, stainless steel, and aluminum trays differ in price. Stainless steel is more expensive due to corrosion resistance. **Size and Load Capacity:** Wider trays or those designed to carry heavier loads cost more.

Customization: Armenian suppliers offer custom shapes, lengths, and perforation patterns, which can increase the price. **Supplier and Brand:** Local suppliers like Solara and Wire Meshes provide competitive pricing, while imported brands may be higher due to shipping and import duties.

Supplier Options

Solara: Offers a range of durable cable trays suitable for residential and industrial use, with options for different sizes and materials. Wire Meshes Armenia: Specializes in wire mesh cable trays, providing custom sizes and configurations for construction, industrial, and agricultural applications. European and Regional Manufacturers: Companies like VALDINOX and Emit Metal export custom cable trays to Armenia, often for larger industrial projects.

Market Insights

The Armenian cable tray market is growing, with demand driven by construction, industrial, and infrastructure projects. Prices fluctuate based on material costs, import tariffs, and local production capacity. For precise pricing, contacting suppliers directly is recommended, as they can provide quotes based on specific dimensions, load requirements, and customization.

Recommendation

For budgeting purposes, expect standard wire mesh trays to start around \$15-\$30 per meter, while heavy-duty or custom metal trays can reach \$100-\$150 per meter. Always request a detailed quote from suppliers to account for shipping, installation accessories, and any local taxes.
