Direct Sales from Australian Data Center Power Distribution Box Manufacturer

Overview

secap SECAP design and manufacture quality rack PDU power distribution units and Power Rails for commercial and industrial IT Data environments. Every prod.

Key Takeaways

Australian data center PDU manufacturers like SECAP, Racklink, and K E Brown offer direct sales of high-quality, customizable power distribution units with local support and engineering expertise.

Key Australian PD

U ManufacturersSECAP SECAP designs and manufactures rack PDUs and power rails for commercial and industrial IT environments in Australia. Their products range from basic distribution units to intelligent PDUs with monitoring, switching, and remote power control at the outlet level.

SECA

P emphasizes local engineering, testing, and support, ensuring reliability and durability for data centers. They provide granular per-outlet visibility for energy management and capacity planning, and their facility is located in Hornsby, NSW 2077, Australia. Racklink Racklink offers a wide range of PDUs, including standard and bespoke solutions.

Their products support Australian GPO outlets, IEC C13/C19 outlets, IEC-Lock secure outlets, and USB outlets. Racklink can customize PDUs for specific input/output requirements, higher current capacities, or mixed outlet types. Advanced safety features include thermal-magnetic and hydraulic-magnetic circuit breakers for various amperages, ensuring protection in demanding environments.

K E Brown Electrical Switchboards K E Brown specializes in custom low-voltage switchboards and PDUs for data centers.

Their PD

Us integrate networking and monitoring equipment to improve efficiency and uptime. They allow licensed electricians to safely isolate individual circuits without shutting down the main system, minimizing downtime in critical power applications. Their products are fully compliant with Australian wiring rules and BCA requirements.

Source22 and Eaton Australia Source22 provides a variety of PDUs, including basic, metered, monitored, and switched units, suitable for horizontal or vertical rack mounting. They offer TAA-compliant PDUs with IEC C13/C19 outlets and include mounting brackets and interconnecting cables for easy installation. Eaton Australia supplies a complete range of PDUs from basic rack-mounted units to fully managed systems with monitoring and control for enterprise and co-location data centers.

Advantages of Direct Purchase from Australian ManufacturersLocal Support and Engineering: Direct access to technical expertise and responsive after-sales service. Customization: Tailored PDUs to meet specific rack configurations, outlet types, and current requirements. Compliance and Safety: Products meet Australian standards and wiring regulations, with advanced circuit protection.

Operational Efficiency: Intelligent PDUs provide remote monitoring, energy optimization, and per-outlet control. Reduced Lead Times: Local manufacturing reduces shipping delays and ensures faster deployment for critical IT infrastructure. For direct sales inquiries, you can contact these manufacturers through their websites: SECAP, Racklink, K E Brown, Source22, and Eaton Australia.

Electrical Boxes

Whether you require an off-the-shelf enclosure, a pre-configured metering solution or a fully customised switchboard system, our range is Australian made and

Power Distribution Unit (PDU) System

Eaton, Vertiv, Tripp Lite Australia, APC, and RackLink are the leading brands that supply advanced PDU units and solutions tailored to the needs of Australian data centers and IT infrastructures.

Custom Power Distribution Unit Solutions | Racklink

At Racklink, we specialise in offering a diverse array of Power Distribution Units (PDUs) or power strips to suit a wide range of needs. Our products, proudly

Data Centre Distributor | Dicker Data

Win more business today with Dicker Data''s proven data centre solution ecosystem. Dicker Data is a trusted Australian data centre distributor, helping businesses modernise IT infrastructure with

SRA Solutions | Data Centre Solutions Australia

At SRA Solutions, we specialise in designing and building custom data centre solutions for business of all sizes. Our team of experts will work closely with you to understand your needs and create a

Products

Delta''s Power Distribution Units (PDUs) are space-saving, easy to move, offering superior power protection, monitoring, and scalability while reducing initial investment costs—making them suitable

Welcome to B&R Enclosures

Since 1955, B&R has designed & manufactured Australian-made enclosure, switchboard and integrated electrical solutions for Australia''s most demanding industries

Data Centres – Decon Corporation

At Decon Corporation, we provide fully integrated data centre solutions in Australia, delivering resilient power systems, advanced connectivity and end-to-end lifecycle management.

Modular Power Distribution | Schneider Electric Australia
