Dutch Waterproof Junction Box Manufacturer

Overview

Junction Box | Product catalogus | eReM Elektrotechnici Wij kunnen een junction box leveren in glasvezel versterkt polyester (GRP), aluminium en RVS 316L.

Key Takeaways

Leading manufacturers in the Netherlands include eReM Elektrotechnici BV, CC Nederland B. V., and distributors of ROSE Systemtechnik polyester enclosures.eReM Elektrotechnici BVeReM specializes in explosion-proof and waterproof junction boxes made from glass fiber reinforced polyester (GRP), aluminum, and stainless steel (RVS 316L). Their products comply with ATEX standards for zones 1 and 2, offering protection types such as Ex e, Ex ia, Ex tb, Ex tD, and Ex op pr.

These junction boxes are designed for harsh industrial environments and applications requiring high hygiene standards, ensuring reliable operation under extreme conditions (e.g., chemical plants or offshore installations).

C Nederland manufactures the ILINOX® series of stainless steel junction boxes, including the DE, DEH, and DS series. These boxes are IP66 and IP69K rated, making them suitable for waterproof and high-pressure cleaning environments such as the food industry. They are made from AISI 316 stainless steel, offering superior resistance to chemicals, oils, and salts.

The boxes feature hygienic design elements, such as external screws and sprayed silicone gaskets, and are available in custom dimensions for specialized applications.

ROS

E Systemtechnik (Distributor in the Netherlands)ROSE Systemtechnik produces polyester junction boxes suitable for industrial, railway, and marine applications. Their enclosures are made of glass fiber reinforced thermosetting polyester, providing high UV and weather resistance, and are rated IP66.

ROS

E offers custom machining, painting, and assembly services, making their boxes versatile for various industrial needs.

Summary

For waterproof junction boxes in the Netherlands, you can consider:eReM Elektrotechnici BV for explosion-proof and industrial-grade enclosures with ATEX certification.

C

C Nederland B. V. for stainless steel, IP66/IP69K rated boxes suitable for food and chemical industries.

ROS

E Systemtechnik (via local distributors) for robust polyester enclosures with high weather and UV resistance. These manufacturers provide customizable solutions for different sizes, materials, and certifications, ensuring suitability for marine, industrial, and hygienic applications.
