East Asia Single-Mode Fiber Optic Patch Cord Price Quote

Overview

The SC to SC Fiber Patch Cord Jumper Cable is a durable, single-mode fiber optic patch cord designed for network connections.

Key Takeaways

Single-mode fiber optic patch cords in East Asia typically range from $2. 00 to $7. 00 per foot, with variations depending on length, connector type, and additional features.

Pricing Overview

The cost of single-mode fiber optic patch cords varies based on several factors: Length: Prices increase linearly with cable length, though bulk orders may reduce per-foot costs. Connector Type and Polish: LC, SC, ST, and MPO connectors, along with APC or UPC polish finishes, influence pricing due to precision requirements. Cable Construction: Armored or LSZH (Low Smoke Zero Halogen) jackets designed for harsh environments or fire safety add to the cost.

Pre-

Terminated vs. Bulk: Pre-terminated patch cords are more expensive than bulk spools but save installation time.

Typical Price Ranges

Standard single-mode patch cords: $2. 00–$7. 00 per foot for bulk cables.

Pre-terminated assemblies: Slightly higher, depending on connector type and testing standards. Armored or specialty cables: Premium pricing due to added protection and durability.

Supplier Options in East Asia

Cluster Asia offers ultra-speed, low-loss single-mode patch cords with various connector options suitable for telecom and data center applications.

F

S Singapore provides customizable fiber patch cables supporting high-speed networks up to 400G, with 100% testing and low-loss guarantees.

OE

M and bulk suppliers in the region can provide competitive pricing for large-scale orders, often with discounts for volume.

Recommendations

For an accurate quote, consider specifying: Cable length and quantityConnector type and polish finishJacket type (LSZH, armored, or standard)Testing or certification requirements Requesting quotes from multiple East Asian suppliers, including FS Singapore and Cluster Asia, will help secure competitive pricing and ensure compatibility with your network infrastructure.
