Fiber Fiber Pad Fully Loaded with 96 Cores

Overview

1U MPO patch panel with 96 fibers, fully loaded with 4 cassettes. High-density, customizable solution for data centers and OEM projects. The 1U 96-core MPO patch panel is an ultra high-density fiber management solution designed for. Although Belden makes every reasonable effort to ensure their accuracy at the time of this publication, information and specifications described here in are subject to error or omission and to change without notice, and the listing of such information and specifications does not ensure product. 1U MPO patch panel with 96 fibers, fully loaded with 4 cassettes. This Patch panel can be equipped with MPO module box and splicing fiber methods, which are applied to high-density network solutions and splice fiber-distribution network solutions.
