Fiber optic cable between the UK and South Korea

Overview

FLAG Europe Asia (now FEA), originally called Fibre-optic Link Around the Globe (FLAG), is a 28,000km submarine cable connecting 18 countries and regions in Asia, Africa and Europe. FLAG EA (FEA) was opened for commercial service on 22 November 1997. The cable is operated by Global Cloud Xchange, a former subsidiary of RCOM. In 2008 the journey of our the newly formed UK subsidiary of South Korean world leading cable manufacturer, LS Cable & System UK Ltd. began with a clear mission to be a trusted partner for all European clients. For more details and insights, please read this. This factsheet provides the latest statistics on trade and investment between the UK and South Korea. You can: Read the agreement documents to understand what the agreement covers and how it might apply to your business. The parliamentary report provides.
