Fiber optic terminal box with 4-core dual-mode

Overview

This compact FTTH termination box features 4 adapter ports compatible with SC/APC connectors, supporting up to 4-core splicing and termination. The ATB-D4-SC FTTH 4 Core DIN Rail Terminal is a versatile fiber optic terminal designed for Fiber to the Home (FTTH) applications. The small and lightweight ftth terminal box is ideal for mini network termination, enabling reliable connection between drop cables and ONT (Optical Network Terminal). The 4 port fiber wall plate box is surface mount termination enclosure designed to provide a reliable and efficient fiber termination solution for indoor fiber-to-the-home applications. This box integrates fiber splicing, splitting, distribution, storage, and cable connection into a single unit. With its total enclosed structure.
