High-density distribution box 42U in stock

Overview

Explore the range of 42U Server Cabinets/Racks available at Comms Express, Networking Reseller - Free Delivery Available To Buy Online Today.

Key Takeaways

High-density 42U server cabinets are available from multiple vendors, including Comms Express, L-com, APC, and Amazon, with options for standard, deep, and wide enclosures suitable for mission-critical IT equipment.

Available Options

Comms Express offers a wide range of 42U SmartRack enclosures designed for high-density server and networking applications. Options include standard, deep, and wide cabinets with features such as perforated doors, adjustable square-hole rails, cable management, and support for up to 3000 lbs of equipment. These enclosures are suitable for server rooms, data centers, and network closets, with free delivery available for online orders.

L-com LC42USRC1000GDFRFC is a 42U commercial network server cabinet with a 1000mm depth, glass front door, and perforated French rear doors. It supports high-density installations, includes adjustable cage nut mounting rails, full-height wire management, and lockable side panels. The cabinet is EIA/ECA-310-E, HIPAA, and PCI compliant, making it ideal for secure, organized, and airflow-optimized setups.

APC Net

Shelter S

X 42U enclosures measure 1991H x 600W x 1200D mm and are designed for high-density server and networking applications. They integrate cooling, power distribution, cable management, and environmental monitoring. Vendor-neutral mounting ensures compatibility with all EIA-310 compliant 19" equipment, and perforated front and rear doors provide ample ventilation.

Amazon also lists multiple 42U server rack cabinets from various brands, offering flexibility in depth, width, and features. Buyers can check individual product pages for stock availability and shipping options.

Key Features to Consider

Depth and Width: Standard (600mm wide, 1050mm deep), deep (1200mm), and wide (750mm) options for high-density setups. Weight Capacity: Most 42U cabinets support up to 3000 lbs of equipment. Cooling and Ventilation: Perforated doors and cable management provisions help maintain airflow.

Security: Lockable doors and side panels for mission-critical equipment. Compliance: EIA-310, HIPAA, and PCI compliance for professional IT environments. These cabinets are suitable for data centers, server rooms, networking closets, and high-density IT deployments, and are available for immediate purchase online from the listed vendors.
