High-density hot-swappable power distribution unit 1U available now

Overview

Switching Power offers the HDX "High Density" Series which boasts 18. 75W/cubic inch in a "1U" package! Multiple outputs up to 750 Watts and single outputs up to 1500 Watts per cassette. 25A output with optional I2C capability. If you need help finding the right PDU for your rack power distribution, contact us. Tripp Lite PDUs distribute power via multiple outlets to. EnGenius develops generic, modularized hot swappable power supplies from 300W to 500W to protect your valuable equipment from power circuit and power component failures. We offer design service to satisfy your commercial, industrial, and no-downtime power system requirements. 1U 1+1 300W Slim. This 100-125V 12A single-phase hot-swap rack PDU (rPDU) works in conjunction with your UPS system to keep everything running 24/7/365. It's the most powerful, reliable, scalable, secure, and easy-to-use controller platform. give real-time insight with ±0. 5% metering accuracy into critical power quality, energy. This 1U power distribution unit is perfect for data center engineers and IT professionals who need compact hot-swap PDU capabilities for mission-critical server environments.

Power Distribution Units (PDUs)

Tripp Lite PDUs feature multiple outlets, allowing you to distribute power to a wide variety of computers and other network equipment within a rack. If you need help finding the right PDU for your rack

1U 1+1 300W Slim Redundant Power Supply

EnGenius develops generic, modularized hot swappable power supplies from 300W to 500W to protect your valuable equipment from power circuit and power

Single-Phase Hot-Swap PDU, 6x NEMA 5-15R Outlets,

It allows you to manually transfer connected equipment to utility power via the

1U power supply range from TDK-Lambda

Our portfolio includes both embedded and hot-swap 1U power supplies, providing reliable, high-efficiency performance for demanding high power system applications.

PX4 Landing Page

The iX is fully hot-swappable; it enables live replacement with no power interruption to the individual outlets. It''s the most powerful, reliable, scalable, secure, and easy-to-use controller platform.

1U Power Distribution Unit Hot-Swap 10-Outlet rPDU Vertiv I10016L

This 1U power distribution unit is perfect for data center engineers and IT professionals who need compact hot-swap PDU capabilities for mission-critical server environments.

PRO2 Switched PIPS POPS C2WG08HC 3.3kW

The Server Technology® PRO2 Switched POPS PDU provides control of outlet power and local LED input current monitoring, allowing IT personnel to determine safe levels of loading on a per-phase

HDX Series Power Supplies

HDX Series Switching Power offers the HDX "High Density" Series which boasts 18.75W/cubic inch in a "1U" package! Multiple outputs up to 750 Watts and

Modular Power Series 1U Smart Power Supply for Critical

The ICT Modular Power Series system provides flexible, managed DC power for a broad range of communications and broadband applications. The foundation is the power shelf and 700W high

Eltek Flatpack2 48/3000 HE 241119.105 96.5% Efficiency Rectifier

High Power Density — Delivers 3000W of power in a compact 1U-high module, allowing for significant power capacity in limited rack space. True Hot-Swappable Design — Supports seamless

Rackmount Servers | Dell

A 1U dell rackserver offers high-density computing for organizations with limited rack space, while a 2U or 4U model provides additional room for storage expansion, GPUs, or advanced networking cards.

7050X3 Series 10G | 25G | 40G | 50G | 100G Data Center Switches

The 7050X3 Series are available in a choice of configuration options. Combining high density and industry leading power efficiency with typical power consumption under 7W per 100GbE port the

Powering AI: The Semiconductor Ecosystem at the Foundation of

In advanced AI compute trays, the power distribution unit (component H of figure 6) converts and distributes electrical power from high-voltage inputs to precise, low-voltage rails required by CPUs,

UniFi Network Attached Storage

A magically simple Network Attached Storage solution designed for seamless integration into any UniFi environment.

HPE Aruba Networking CX 9300 Switch Series

The HPE Aruba Networking CX 9300S-32C8D switch is a next generation 16 Tbps, 1U fixed configuration switch supporting 32-ports of 100GbE and 8-ports of 400GbE. The switch is an ideal

Data Center Power Market Outlook 2026-2034

This includes uninterruptible power supplies (UPS), high-voltage direct current (HVDC) systems, solid-state transformers (SST), battery backup units (BBU), supercapacitors, and rack-level

Rack-Scale Liquid Cooling Solutions | Supermicro

Dive into Liquid Cooling Server solutions, providing efficient thermal management. Ideal for high-performance computing, ensuring optimal operation.

Dell Integrated Rack Scalable Systems—Simplified,

Dell''s Integrated Rack Scalable Systems (IRSS) are revolutionizing data center operations with rapid and simplified deployment of fully integrated,
