High-quality manufacturer of optical cable pre-buried pipes in Belarus

Overview

UnitekFiber as a professional fiber optic cable supplier, we provide the high quality of direct buried fiber optic cable, such as GYTA53, GYFTY53 and GYTA33.

Key Takeaways

INTEGRA CABLE in Belarus is a leading manufacturer of high-quality optical fiber cables and pre-buried pipe solutions for underground installations.

INTEGRA CABL

E, BelarusINTEGRA CABLE specializes in manufacturing durable optical fiber cables designed for a variety of installation environments, including aerial, duct, and direct burial applications. Their products are widely used in telecommunications, infrastructure development, and FTTH (Fiber to the Home) networks. The company emphasizes high standards of quality and performance, ensuring that cables and conduits are suitable for long-term underground deployment and harsh environmental conditions.

INTEGRA CABL

E also offers customization options to meet specific project requirements, making it a reliable choice for Belarus-based installations.

EVODUC

T PipesEVODUCT provides rigid HDPE conduits for underground optical cable protection. These pipes are available in rolls and can be buried directly in soil, concrete, or through water barriers. They feature a smooth inner surface for easy cable installation and a durable outer surface to withstand mechanical stress.

EVODUC

T pipes come in standard colors (black or orange) with optional custom colors and labeling. They are suitable for traditional cable installation methods, including pulling or blowing, and can be customized in wall thickness and compression strength to meet project-specific requirements.

Key Features to Consider

Material: High-density polyethylene (HDPE) for durability and flexibility. Installation: Suitable for direct burial, concrete encasement, or duct systems. Customization: Wall thickness, color, and labeling can be tailored.

Compliance: Designed to meet mechanical and environmental standards for underground cable protection. Support: Both INTEGRA CABLE and EVODUCT provide technical guidance for installation and project planning. For projects in Belarus requiring pre-buried optical cable pipes, combining INTEGRA CABLE's high-quality optical fiber products with EVODUCT's robust HDPE conduits ensures reliable, long-term performance for telecommunications and broadband infrastructure.
