Huijue Communication Technology Optical Cable

Overview

Explore our Fiber Optic Cable collection, featuring main products like Optical Splitter, Fiber Patch Cord, and 695+ more items from Hai''an Huijue Network Communication Equipment Co., Ltd. on Alibaba .

Key Takeaways

Huijue Communication optical cables are high-quality fiber-optic products designed for professional telecommunications and network infrastructure, widely used in domestic and international markets.

Company Overview

Huijue Communication, part of the HighJoule (HJ) Group, was established in 2001–2002 and specializes in fiber-optic communication equipment and network solutions. The company integrates R&D, production, and sales, with headquarters and R&D centers in Shanghai and mass production facilities in Jiangsu province covering over 50,000 square meters. Huijue has been a designated supplier for major operators such as China Mobile, China Unicom, China Telecom, and China Tower, reflecting its credibility and industry recognition.

Product Range

© 2026 FD SOLUCIONES OPTICAL SYSTEMS - All rights reserved

Huijue offers a wide range of optical fiber cables and components, including: Single-mode and multi-mode fibers (G. 652, G. 657a2, OM1–OM4)Indoor and outdoor optical cables, flexible and butterfly drop cablesFiber optic connectors, patch cords, and adaptersPLC splitters and optical couplers for FTTH and FTTN applications Their products are designed for low loss, high uniformity, and compact size, suitable for both urban broadband upgrades and medium-sized regional networks.

Quality and Reliability

Huijue emphasizes strict quality control and advanced production processes, including semi-automatic and automatic testing equipment. Their optical cables and components undergo reliability tests to ensure performance under various environmental conditions. The company has also received multiple invention and utility model patents and the China Science and Technology Private Enterprise Innovation Award, highlighting its technological innovation and product reliability.

Applications

Huijue optical cables are used in: Telecommunications networks for voice, internet, and cable TV transmissionFTTH (Fiber to the Home) and FTTN (Fiber to the Node) deploymentsOutdoor integrated cabinets and remote jumpers for network infrastructureIndustrial, government, and commercial communication systems The cables are suitable for long-distance transmission, high bandwidth, and environments requiring immunity to electromagnetic interference, consistent with standard fiber-optic communication requirements.

Global Presence

Huijue exports its products to Europe, North America, Southeast Asia, and other regions, demonstrating international recognition and compliance with global standards. Their solutions are tailored to different industries and application scenarios, making them versatile for both domestic and international projects.

Conclusion

Overall, Huijue Communication optical cables are considered reliable, high-performance fiber-optic products with strong R&D support, extensive production capabilities, and proven applications in major telecommunications networks. They are suitable for operators and enterprises seeking durable, low-loss, and technically advanced optical cabling solutions.
