Indonesian Galvanized Cable Tray Manufacturers

Overview

Galvanized Cable Tray In IndonesiaWe offer top-notch Galvanized Cable Trays in Indonesia. These metal trays, coated with a special zinc shield, resist rust.

Key Takeaways

Top Indonesian manufacturers of galvanized cable trays include Sumber Surya Mandiri, Baruna Tray Indojaya, Trias Indra Saputra, PT Surya Cakra Mandiri (SCM-Tech), and PT Mitra Nusa Internasional, recognized for quality, durability, and customization. Leading Manufacturers1. Sumber Surya Mandiri Sumber Surya Mandiri is a well-established manufacturer specializing in high-quality cable management solutions, including galvanized cable trays.

They focus on both commercial and industrial sectors, offering durable, custom-made trays and raceways that meet demanding project requirements. Their products are designed for optimal cable protection and organization, with certifications such as SNI and ISO standards ensuring compliance and reliability (sumbersuryamandiri.com). 2.

Baruna Tray Indojaya Baruna Tray Indojaya provides a wide range of cable trays, ladders, and accessories, emphasizing flexibility and customer-specific solutions. Their galvanized trays are engineered for long-lasting performance and ease of installation, suitable for industrial, electrical, and infrastructure projects. The company is known for technical support throughout project planning and post-installation services (barunatrayindojaya.co.id).

3. Trias Indra Saputra Trias Indra Saputra manufactures steel cable trays, cable ladders, and electrical components, with a focus on robustness and high performance. Their galvanized trays are ideal for industrial, power generation, and construction applications, offering strength and reliability for heavy-duty use.

They provide detailed guidance on tray selection, including perforated trays for flexible cables and ladder trays for large cable loads (triasindrasaputra.com). 4.

P

T Surya Cakra Mandiri (SCM-Tech) SCM-Tech produces cable trays, ladders, wire mesh trays, and conduit systems with options for hot-dip galvanized, electro-galvanized, and coated finishes. They serve medium to large-scale industrial and commercial projects, providing technical specifications, load ratings, and accessories to simplify large cable route design. Their responsiveness to project-specific requirements makes them a preferred supplier for EPC and MEP contractors.

5.

P

T Mitra Nusa Internasional (MNI Tray) MNI Tray specializes in cable trays, ladders, and wire mesh cages with a full range of materials and finishes, including galvanized steel. They are recognized for fast quotation support, clear product specifications, and efficient procurement processes, making them suitable for data centers, factories, and utility buildings. Their catalog and online resources allow easy comparison of tray types, thicknesses, and connection options.

Key Considerations

Material and Finish: Hot-dip galvanized steel is preferred for corrosion resistance in Indonesia's tropical climate. Customization: Many manufacturers offer project-specific tray sizes, perforation patterns, and load capacities. Certifications: ISO and SNI certifications indicate compliance with quality and safety standards.

Industry Focus: Choose manufacturers based on your sector—industrial, commercial, power, or infrastructure projects. These manufacturers are widely regarded as reliable suppliers of galvanized cable trays in Indonesia, offering durable, high-performance solutions suitable for diverse industrial and commercial applications.
