Italian Fire-Resistant Galvanized Cable Tray Manufacturer

Overview

Cable Trays Schiavetti Tekno, part of Spina Group, is a leading Italian manufacturer of cable trays and accessories for electrical and instrumentation syst.

Key Takeaways

Schiavetti Tekno (part of Spina Group) is a leading Italian manufacturer of galvanized, fire-resistant cable trays, offering EN and UL certified solutions for industrial applications. Schiavetti Tekno – Spina GroupSchiavetti Tekno, part of the Spina Group, has been producing high-quality cable trays since 1964, specializing in galvanized, stainless steel, and wire mesh trays suitable for industrial and instrumentation systems. Their product range includes ladder, perforated, and closed-bottom trays, designed for strength, corrosion resistance, and fire safety.

The trays are available in standard widths (e.g., 300 mm) and custom sizes, compatible with Unistrut systems. All products comply with European (EN) and international (UL) standards, and the company provides full technical support, testing, and after-sales assistance. Schiavetti Tekno also offers ladder cable tray covers in hot-dip galvanized, stainless steel, or aluminum, ensuring protection against dust, humidity, mechanical impacts, and UV exposure for outdoor installations.

Their systems are modular, allowing flexible installation with accessories like elbows, junctions, supports, and fixing systems. Other Italian ManufacturersSITIE: Established in 1945, SITIE produces hot-dip galvanized and stainless steel cable trays, focusing on oil, gas, chemical, and pharmaceutical sectors. They offer customized solutions with strict compliance to industrial standards.

FEMI-CZ: Specializes in custom metal cable trunking and standard metal cable trays for civil and industrial installations, with a focus on durability, safety, and aesthetic-functional design. Sati Italia S.p. A: Offers industrial cable trays and accessories, recently strengthened by acquisition by DKC Europe, providing versatile and functional solutions for large-scale installations.

Key Considerations

When selecting a fire-resistant galvanized cable tray manufacturer in Italy, consider: Material and finish: Hot-dip galvanized for corrosion resistance, stainless steel for harsh environments. Certifications: EN, UL, NEMA compliance ensures safety and international acceptance. Customization: Ability to provide tailored sizes, covers, and accessories for specific industrial needs.

Technical support: Design, installation guidance, and after-sales service are critical for complex projects. Schiavetti Tekno under Spina Group remains the most prominent choice for industrial-grade, fire-resistant galvanized cable trays in Italy, with a proven track record in energy, infrastructure, and plant engineering projects.
