Jordanian cable tray material and custom-made price

Overview

We offer Cable Tray in Jordan in different specifications at competitive market prices. Our range is customized and passes stringent quality tests, before reaching the market.

Key Takeaways

Cable trays in Jordan are available in materials like galvanized steel, stainless steel, aluminum, fiberglass, and PVC, with custom-made solutions offered by local manufacturers at competitive prices.

Common Materials

Galvanized Steel – Offers high tensile strength, corrosion resistance, and durability, suitable for industrial and commercial installations. Stainless Steel (Grades 304, 316) – Ideal for chemical or high-moisture environments due to superior corrosion resistance. Aluminum Alloy – Lightweight, corrosion-resistant, and easy to install, often used in commercial or light industrial applications.

Fiberglass and PV

C – Non-metallic options providing chemical resistance and electrical insulation, suitable for specialized environments. Wire Mesh Trays – Cost-effective, recyclable, and easy to install, commonly used for flexible cable routing.

Custom-

Made Options

Jordanian manufacturers such as MASEICO, Ayoubi Steel, and Micro Sheet Crafts provide customized cable trays tailored to project specifications, including width, depth, load capacity, and finish. Customization can include perforated designs for ventilation, powder coating, or specific lengths and shapes to fit complex installations.

Pricing Considerations

Material Type: Stainless steel and fiberglass are generally more expensive than galvanized steel or aluminum. Customization: Custom dimensions, perforations, or coatings can increase the cost compared to standard trays. Project Size: Bulk orders for large industrial or commercial projects may reduce per-unit cost.

Supplier and Delivery: Prices vary depending on the manufacturer, delivery location, and additional services like installation support. Recommended Suppliers in JordanMASEICO – Offers cable trays, ladders, and supporting materials with international standard compliance and custom solutions. Ayoubi Steel – Provides a wide range of cable trays and ladders, including custom-made options for large projects, conforming to NEMA VE-1 standards.

Micro Sheet Crafts – Supplies modular and customized cable trays with competitive pricing and quality assurance. Wire Meshes – Specializes in wire mesh cable trays, emphasizing affordability, durability, and sustainability. For accurate pricing, it is recommended to contact suppliers directly with your project specifications, including material preference, dimensions, load requirements, and quantity, to receive a tailored quotation.
