# Latvia sells Gyta fiber optic cables

## Overview

Fiber Optic Cable Manufacturers The leading Fiber Optic Cable Manufacturers in Latvia are listed in this directory. You can narrow down the list of manufac.

## Key Takeaways

GYTA fiber optic cables are available for purchase in Latvia through local distributors and online stores. Availability and SuppliersGYTA cables, which are aluminum tape armored, stranded loose tube fiber optic cables, are designed for long-haul communication and LANs, offering high moisture resistance, mechanical strength, and temperature performance. They are available in configurations ranging from 2 cores to 144 cores and use G652D single-mode fiber for reliable data transmission (mefiberoptic.com).

In Latvia, fiber optic cables, including GYTA types, can be purchased from online stores such as AiO.lv, which delivers across major cities like Riga, Daugavpils, Liepaja, Jurmala, and Ventspils. The store offers products from leading manufacturers and provides fast delivery (1–5 business days), official manufacturer warranties (12–36 months), and installment purchase options for orders over €50 (aio.lv). Additionally, Latvia has local fiber optic cable manufacturers and suppliers, which can be contacted directly for bulk orders or specialized requirements.
