List of Iranian Mesh Cable Tray Manufacturers

Overview

We are a distributor of Cable Tray in different shapes and materials. We are located at Tehran_North and you can contact us at info@ParsianGostar .

Key Takeaways

Iran has several reputable manufacturers of mesh cable trays, offering a range of metal and PVC solutions for industrial and commercial applications. Key Manufacturers1. Jooyeshgar / Armin Steel Connection Company This company produces a wide variety of cable trays and ladders, including galvanized steel trays with thicknesses from 0.

5 to 2 mm and widths from 50 to 1100 mm. They offer both cold and hot-dip galvanized options, suitable for different environmental conditions, and provide accessories such as connectors, wall supports, and roof supports. They serve industries like oil, gas, petrochemicals, pharmaceuticals, and food processing.

2. Eagle Barq Co. Eagle Barq is the official agent of SPINA/SCHIAVETTI TEKNO in Iran, providing advanced cable tray systems and accessories.

They specialize in custom-designed products, technical support, testing, certification, and post-sales service, ensuring high-quality solutions for industrial projects. 3. Alborz Industrial Group Alborz Industrial Group is the first manufacturer of PVC cable trays in Iran.

Their trays are non-combustible, self-extinguishing, resistant to UV rays, acids, and chemicals, and suitable for humid climates. They offer multiple sizes and customizable parts, making them ideal for complex installations where metal trays may corrode or degrade. 4.

Parsian Gostar Located in Tehran, Parsian Gostar distributes various types of cable trays in different shapes and materials. They provide contact support for inquiries and orders, making them a convenient option for local procurement. 5.

Cable House (Iran presence) Although based in India, Cable House has a recognized presence in Iran and supplies cable trays, hose clamps, crimping tools, and industrial connectors. They offer customized solutions and are known for high durability and reliable performance, catering to both national and international clients.

Considerations for Selection

Material: Choose between galvanized steel, stainless steel, or PVC depending on environmental conditions. Corrosion Resistance: Hot-dip galvanized trays are more resistant to moisture and harsh conditions than cold-galvanized trays. Customization: Some manufacturers like Eagle Barq and Cable House offer custom designs to meet specific project requirements.

Certifications: Ensure the manufacturer provides quality certifications and testing for industrial compliance. These manufacturers collectively cover a wide range of industrial needs, from standard metal mesh trays to specialized PVC solutions, making Iran a viable source for cable tray procurement.
