Maldives Relay Protection Tester Manufacturer

Overview

Multitec Maldives is a mechanical and electrical company providing a wide range of goods and services based on customized orders.

Key Takeaways

Plankton Engineering and Multitec Maldives are key local providers of electrical protection solutions, including relay protection testers, in the Maldives.

Local Companies Offering Relay Protection Solutions

Plankton Engineering is a leading electromechanical engineering company in the Maldives, providing a wide range of electrical panels and protection systems. They supply and distribute high-quality switchgears, automatic transfer switches (ATS), and protection systems for industrial and residential applications. Their services include AC protection systems, battery protection, lightning and surge protection, and microprocessor-based relay testing solutions, making them a reliable source for relay protection testers in the Maldives.

Multitec Maldives is another local company specializing in mechanical and electrical solutions. While their offerings are broader, they provide customized electrical equipment and services that may include relay protection testing and related safety devices. Inzaa Company Pvt Ltd supplies a wide range of electrical and engineering equipment, including circuit breakers, electrical panels, and industrial components.

They source products from internationally reputed brands, which may include relay protection testers suitable for industrial and utility applications.

International Brands and Equipment

For specialized relay protection testing devices, international brands such as MEGGER, OMICRON, and WUHV are commonly used. These devices include microcomputer relay protection testers capable of testing conventional, electromagnetic, and IEC61850 digital relays. They offer high-accuracy measurements (

Multitec Maldives

Multitec Maldives is a mechanical and electrical company providing a wide range of goods and services based on customized orders. We are in the business of keeping our customers happy and safe - but

ERLPhase Power Technologies Ltd.

ERLPhase Power Technologies is a ISO 9001:2015 manufacturer of digital protection relays and power system recorders with a global customer base.

Plankton Engineering

Plankton Engineering Pvt Ltd has grown to become the leading electromechanical engineering company in the Maldives. Plankton has a wealth of experience in all phases and kinds of electrical and

Protection Relay Testing

Manufacturers of protection relays in turn test them for conformity, for example, with the IEC 60255 standard, which defines rules and requirements for the behavior of measuring relays and protective

Schneider Electric Maldives

Protection Relay Testing

Installation & Testing of all types of Digital & Analog Relays – All electromechanical, analog and digital relays can be installed and tested by our experienced engineers.

Protection Testing – TESIENT – Protection Relay Test Set

We design and manufacture a wide range of electrical test equipment, including solutions for testing protection relays, testing solutions compliant for IEC61850 environments, voltage and current

Relay Protection Tester

Our relay protection tester offers comprehensive testing for both optical digital and traditional protective devices. It''s ideal for power plants, substations, equipment manufacturers, and institutions needing

Six Phase Relay Protection Tester

Our Six Phase Relay Protection Tester is an advanced and versatile tool designed for thorough testing and calibration of protection relays in complex power

2026 Top 10 relay protection tester Suppliers in the world

Huazheng Electric Manufacturing (Baoding) Co., Ltd. is a well - known enterprise in the field of electrical testing equipment. The company has a strong R & D team and advanced

Protection Relay Testing

Testing protection relays with sensor inputs As the protection relay and the primary equipment in the medium-voltage substations are close to one another, digital

TEST-630 SIX PHASE MICROCOMPUTER PROTECTION RELAY TESTER

TEST-630 relay test kit is a the most advanced six-phase relay test set available for type and field testing of electromechanical and digital protections of any kinds of relay.

Relay Protection Tester Manufacturer & Supplier | Run

Discover heavy-duty 3-phase & 6-phase relay protection testers at factory prices. Run Test offers high-precision systems for secondary injection testing.

protection relay and control Companies serving Maldives

Littelfuse is a global manufacturer of leading technologies in circuit protection, power control, and sensing. Serving over 100,000 end customers, our products are found in automotive and commercial
