Key Takeaways

Hubbell Mexico and Power Temp Systems are key suppliers of temporary power distribution boxes in Mexico, offering both standard and customizable solutions for industrial and commercial applications. Key Manufacturers and Suppliers1. Hubbell Mexico Hubbell Mexico provides a range of temporary power boxes suitable for lighting, construction, and event applications.

Their products are designed for safety, durability, and ease of use, and the company offers expert support to help select the right solution for your needs. They have a local presence in Mexico, making them a convenient option for procurement and service. 2.

Power Temp Systems Power Temp Systems specializes in customizable power distribution equipment for both temporary and permanent applications. They offer modular docking stations, paralleling panels, and portable distribution systems that comply with UL 1640, NEC, MSHA, OSHA, and NEMA standards. Their solutions are engineered for reliability, safety, and rapid deployment, making them suitable for industrial, emergency, and event power needs.

3. Lex Products (North American Manufacturer) While based in North America, Lex Products offers portable power distribution boxes that can be shipped to Mexico. Their Load Master™ and Bento Box® series provide adjustable amperage, compact designs, and rugged enclosures suitable for indoor and outdoor use.

They also offer custom engineering for specific applications, including adjustable circuit breakers and NEMA-rated enclosures. 4. Shengen Fab Shengen Fab manufactures custom power distribution boxes for industrial and commercial setups.

They provide tailored solutions based on client drawings and specifications, with a focus on safety and efficiency. While primarily an international supplier, they can handle shipping to Mexico upon request. Considerations for Choosing a SupplierCompliance and Safety: Ensure the boxes meet local and international standards such as UL, NEC, and NEMA ratings.

Customization: Some projects may require adjustable amperage, multiple circuit breakers, or specific enclosure types. Portability and Durability: For temporary applications, consider compact, rugged designs resistant to impact, water, and corrosion. Local Support: Suppliers with a presence in Mexico, like Hubbell Mexico, can provide faster service and technical support.

These manufacturers provide a range of temporary power distribution solutions suitable for construction sites, events, industrial setups, and emergency power applications in Mexico.
