Multi-needle cable management frame accessory manufacturer

Overview

Cable Tie Mounts & Accessories Shop MISUMI for all your Cable Tie Mounts & Accessories and Cable Organization needs. MISUMI offers free CAD download, short.

Key Takeaways

ICOTEK, Rittal, CommScope, ETTINGER, and Panduit are leading manufacturers of multi-cable management frame accessories for industrial and data center applications.

ICOTEKICOTE

K specializes in split multi-cable transit frames for routing multiple cables with connectors, offering IP54 / UL Type 12 protection. Their KEL-U and KEL-E frames support cable diameters from 1 to 35 mm and are compatible with standard industrial connectors (10-, 16-, 24-pin) and measuring instruments.

ICOTE

K provides flexible grommets, adapter grommets for Keystone jacks, PushPull connectors, and EMC cable collectors. Tool-less assembly is possible with the KEL-SNAP snap mounting frame, and threaded bushings are available for secure installation.

Rittal

Rittal offers modular cable glands and sealing frames for flexible cable entry in enclosures and 19" rack systems. Their accessories include cable entry grommets, connector grommets, and gland plates, supporting IP68/IP69 protection. These systems allow fully flexible cable entry, even with preassembled cables, and can be adapted for industrial enclosures, hygienic applications, and EMC requirements.

CommScopeCommScope provides cable management solutions for data centers, telecommunication closets, and intra-building pathways. Their products include vertical and horizontal cable managers designed to organize, protect, and route network cables efficiently within racks and cabinets.

ETTINGERETTINGER Gmb

H manufactures a wide range of cable mounts, clamps, and ties for orderly cable management. Their products include open and closed clamps, self-adhesive mounts, Velcro and cord ties, and grommets suitable for both round and flat cables.

ETTINGE

R focuses on secure fastening for large cable bundles and industrial applications.

Panduit

Panduit offers vertical and horizontal cable managers for network racks and enclosures. Their products feature flexible designs, secure enclosures, and high-capacity routing to maximize rack space and protect cables. Panduit also provides end panels and in-cabinet management systems for efficient cable organization in demanding environments.

These manufacturers provide a variety of multi-cable routing solutions, including modular frames, grommets, and strain relief accessories, suitable for industrial, data center, and telecommunication applications. Depending on your specific requirements—such as cable diameter, connector type, IP rating, or rack compatibility—you can select the appropriate manufacturer and product line.
