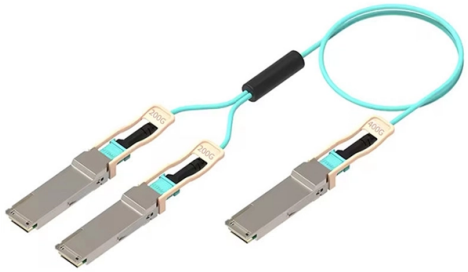
Myanmar Huijue Optical Cable Distribution Box Brand



Overview

Explore our Fiber Distribution Cabinet collection, featuring main products like Optical Splitter, Fiber Patch Cord, and 695+ more items from Hai''an Huijue Network Communication Equipment Co., Ltd.

Key Takeaways

Huijue is a Chinese brand specializing in optical cable distribution boxes and ODN equipment, with products suitable for deployment in Myanmar's fiber optic networks.

Brand Overview

Huijue, officially Shanghai Huijue Network Communication Equipment Co., Ltd, is a leading manufacturer of telecom and optical network products, established in 2001. The company operates R&D and production facilities in Shanghai and Jiangsu, China, covering over 60,000 square meters for precise metal production, cabinet assembly, and optical fiber equipment manufacturing. Huijue holds more than 50 patents related to optical distribution networks (ODN) and maintains ISO 9001/14001 certification, ensuring compliance with international standards and environmental adaptability from -40°C to 85°C.

Product Range

© 2026 FD SOLUCIONES OPTICAL SYSTEMS - All rights reserved

Huijue produces a complete series of optical distribution network products, including: Optical cable distribution boxes and fiber distribution frames, supporting core counts from 8 to 48 cores. Outdoor and indoor cabinets, including jumperless optical cross-connect cabinets and network cabinets. Optical cable splice closures, termination boxes, and patch cords.

Products are made from SMC, metal, and plastic, suitable for various environmental conditions and network scenarios. These products are designed for FTTH, 5G fronthaul, and general fiber access networks, providing operators with integrated solutions from core components to system deployment.

International Presence and South Asia Operations

Huijue has established a South Asia factory, which supports regional production and distribution, potentially facilitating supply to Myanmar and neighboring countries. The company emphasizes rapid response, with dual production bases capable of 72-hour emergency deliveries, and offers full-cycle technical support from design to operation and maintenance.

Quality and Standards

Certifications: ISO 9001/14001, compliance with GR-1209 standards. Environmental testing: Products withstand extreme temperatures and conditions. Deployment experience: Active participation in large-scale 5G and FTTH projects in China, demonstrating reliability and scalability.

Summary

For Myanmar, Huijue optical cable distribution boxes offer high-quality, internationally certified solutions suitable for fiber optic network expansion. Their South Asia presence, broad product range, and technical support make them a viable option for telecom operators or network integrators seeking reliable ODN equipment. Operators can expect durable, versatile, and scalable distribution boxes for both indoor and outdoor applications.
