Myanmar Large-Count Optical Cable Manufacturer

Overview

Home At MGT, we strive to build consumer confidence every day. Our focus is on consistent superior service, which means providing a high level of professio.

Key Takeaways

There are 20 optical products manufacturers in Myanmar as of 2026. As of January 2026, Myanmar has 20 verified optical products manufacturers, which include companies producing optical cables and related fiber optic products across the country. These manufacturers are distributed across various regions and provide a range of products, from standard optical fiber cables to specialized optical solutions.

The list includes companies such as iQ Vision, Dagon Vision, and Eyes & Frames, among others, with full business details available for industry research and contact purposes. Market ContextMyanmar's optical fiber market relies not only on domestic production but also on imports. Major suppliers of optical fiber cables to Myanmar include China, Vietnam, and South Korea, with China being the largest contributor to imports.

Despite this, the presence of 20 domestic manufacturers indicates a growing local industry capable of serving both domestic demand and export opportunities.

Implications

Business and Investment: Knowing the number of manufacturers helps identify potential partners, suppliers, or competitors in Myanmar's optical cable sector. Market Analysis: The domestic manufacturing base, combined with import data, provides insight into market saturation, growth potential, and opportunities for new entrants. Strategic Planning: Companies can leverage this information to plan distribution, sourcing, or expansion strategies within Myanmar's optical fiber market.

Overall, Myanmar has a moderately sized domestic optical cable manufacturing sector, complemented by significant imports, which together support the country's growing telecommunications infrastructure.
