New Zealand Lighting Distribution Box Custom Manufacturer

Overview

Lighting & Power Distribution Boards NZ | Clive WilsonClive Wilson Switchboards Ltd manufactures custom lighting and power distribution boards for commerci.

Key Takeaways

New Zealand offers several specialized manufacturers for custom lighting distribution boxes, including Spectrum, Vynco, Cable Ways, SEP, and Modular NZ, all providing tailored solutions for industrial, commercial, and residential applications.

Key Manufacturers and Services

Spectrum specializes in sheet metal electrical switchboard enclosures, cabinets, and pillar boxes. They offer custom manufacturing from supplied drawings and can handle complex builds with full design and build services. Materials include aluminium, mild steel, and stainless steel, suitable for sectors like dairy, infrastructure, marine, and petrochemical industries.

Vynco is a 100% New Zealand-owned company with over 25 years of experience in electrical products. They provide commercial power distribution boxes, switchgear, and lighting enclosures, along with MCBs and industrial plugs and sockets. Vynco emphasizes safety and quality, distributing trusted brands for low-voltage applications.

Cable Ways offers precision-engineered custom cabinets and enclosures for telecom, data networks, transport, energy, and water sectors. Their solutions are designed for environmental resilience, including seismic and outdoor conditions, and can be tailored to specific equipment requirements. S.

E. P (Stainless Electrical Products) provides custom stainless steel enclosures, modular distribution cabinets, and integrated electrical systems. They focus on precision engineering and can deliver turnkey solutions for infrastructure projects, including IP66-rated isolator enclosures and modular stackable cabinets.

Modular N

Z manufactures electrical switchboard components for domestic, commercial, and industrial markets. Their products include domestic switchboards, distribution boards, and industrial switchboards, all compliant with AS/NZS standards and designed for durability and reliability. Considerations for Choosing a ManufacturerCompliance: Ensure the manufacturer adheres to AS/NZS standards for electrical enclosures and distribution boards.

Customization: Evaluate the ability to produce bespoke designs based on your project specifications. Material Options: Choose between aluminium, mild steel, or stainless steel depending on environmental and durability requirements. Support Services: Look for companies offering design consultation, installation guidance, and after-sales support.

Industry Experience: Consider manufacturers with experience in your sector, whether industrial, commercial, or residential. These manufacturers provide comprehensive solutions for custom lighting distribution boxes in New Zealand, ensuring compliance, durability, and tailored functionality for a wide range of applications.
