Norwegian Cable Tray Direct Sales Company

Overview

Norway Oglaend System AS Norway is the group's main production plant for multidiscipline support systems, cable ladders and cable trays of steel. The sales.

Key Takeaways

Key Norwegian cable tray manufacturers offering direct sales include Oglaend System AS, BVS, and Nordic Wire Tray, serving industrial, offshore, and renewable energy sectors.

Oglaend System AS

Oglaend System A

S, established in 1977 and located in Kleppe, Norway, is a leading manufacturer of multidiscipline support systems, cable ladders, and steel cable trays. They focus on the Norwegian market, supplying industries such as oil & gas, shipbuilding, infrastructure, wind energy, and marine farming. Customers can contact dedicated sales representatives for direct orders and project support, ensuring tailored solutions for specific industrial requirements.

BVSBV

S is a Norwegian-based supplier specializing in cable management systems for offshore and arctic environments. Their product range includes cable ladders, cable trays, struts, glands, trefoil cleats, racks, and earthing bars, all manufactured in AISI 316L stainless steel for extreme weather conditions.

BV

S provides direct sales and project-specific solutions, particularly for offshore installations, arctic climates, and large-scale energy projects.

Nordic Wire Tray

Nordic Wire Tray offers the X-Tray cable laying system, which includes wire trays and customizable cable ladders. Their products are designed for flexibility, high load capacity, and fast installation, meeting IEC 61537 standards. Nordic Wire Tray supports direct sales and provides expert guidance to select the right system for each project, including accessories, brackets, and mounting solutions.

Market Context

The Norwegian cable tray market is project-driven, with demand concentrated in industrial clusters along the western and southern coasts, including Oslo and Stavanger. Key sectors include oil & gas, maritime, renewable energy, and datacenters. Compliance with European Norm (EN) standards and specialized materials like stainless steel and hot-dip galvanizing are critical due to Norway's coastal and offshore conditions.

Summary

For direct procurement of cable trays in Norway, Oglaend System AS, BVS, and Nordic Wire Tray are the primary domestic manufacturers. They offer customizable solutions, high-quality materials, and industry-specific expertise, making them suitable for both industrial and offshore projects. Interested buyers can contact these companies directly to discuss orders, technical specifications, and project support.
