

Optical Cable Management Stand

Overview

- Cable management stand secures cabling in a foam grip and can mount to the breadboard or platform to remain deformation-free even after long term use. Keep your data centers, intra-building throughways and telecommunication closets organized with these cable management options. Sturdy Construction: Crafted from powder-coated aluminum, our VCM structures strike the perfect. Our unique Cable Management Bracket fits securely on either side of the workbench, allowing jacketed strands to stay put and separated until you need them. Separate the work surface from the stand and quickly attach the two unique stand-off props with adjustable webbing into the 4 accessory slots. Fiber Savvy's Fiber Cable Management solutions not only organize fiber cable, but also protects fiber in various ways. A popular item that we offer from.
