Price Inquiry for Trough-Type Cable Trays

Overview

Trough Cable Tray Price, 2026 Trough Cable Tray Price Factory direct options come straight from the manufacturer, ensuring competitive pricing and availabl.

Key Takeaways

Trough-type cable trays can range from as low as $0. 06 per meter to over $0. 88 per square meter, depending on material, size, and customization options.

Pricing Overview

Budget Options: For large-scale, non-critical indoor installations, basic trough-type cable trays start at $0. 06 per meter, making them ideal for high-volume procurement where premium features are not required. Standard Options: More commonly, trough-type cable trays are priced around $0.

88 per square meter, offering a balance between cost and durability. Material Influence: Prices vary significantly based on materials. Fiberglass and stainless steel trays are more expensive due to their specialized properties, while galvanized steel and aluminum are moderately priced.

Customization and Accessories: Adding features like dividers, covers, or fireproof coatings can increase costs. Custom dimensions or OEM specifications also affect pricing.

Factors Affecting Cost

Material Type: Stainless steel and fiberglass are premium, while aluminum and galvanized steel are more cost-effective. Tray Size and Load Capacity: Larger trays or those designed for heavy cable loads cost more. Installation Complexity: Trays requiring specialized fittings or difficult installation environments may increase overall project costs.

Supplier and Volume: Factory-direct or OEM purchases can offer competitive pricing, and bulk orders often qualify for discounts.

Recommendations

For high-volume, non-critical projects, consider budget trays at $0. 06 per meter. For industrial or fire-sensitive environments, prioritize trays with corrosion-resistant or fireproof features, which may cost more but ensure compliance with safety standards.

Always consult suppliers for quotes based on your specific project requirements, including tray length, material, and any additional accessories. By considering these factors, you can select trough-type cable trays that balance cost, durability, and compliance with your project needs.
