Pricing is generally around £1–£2 per clip, with bulk or trade discounts available by contacting suppliers directly (Direct Channel). Heavy Duty Galvanised Clips: Available in packs of 10 on platforms like Amazon UK, prices can range from £10–£15 per pack, equating to roughly £1–£1.

50 per clip depending on seller and shipping options. Other Suppliers: Retailers such as RS Components and eBay UK offer a variety of galvanized cable tray accessories, including clips, clamps, and hangers. Prices vary based on duty rating (light, medium, heavy), material, and pack size, with eBay often providing competitive deals and free delivery options.

Factors Affecting Price

Duty Rating: Medium duty clips are generally cheaper than heavy duty clips due to material thickness and load capacity. Finish: Hot dip galvanised clips are more corrosion-resistant and slightly more expensive than electroplated or standard galvanized finishes. Pack Size: Buying in bulk or packs reduces the per-clip cost.
