Price of Stainless Steel Cable Trays in Grenada

Overview

Grenada Stainless Steel Mesh Cable Tray Company Wholesale Buy premium Grenada Stainless Steel Mesh Cable Tray Company in bulk from verified wholesale suppl.

Key Takeaways

Stainless steel cable trays in Grenada typically range from $10 to $25 per meter, depending on type, size, and supplier, with bulk orders potentially reducing the cost.

Price Overview

The cost of stainless steel cable trays varies based on material quality, tray type, size, and surface finish. Stainless steel is more expensive than galvanized steel due to its corrosion resistance and durability, making it ideal for harsh or industrial environments. Typical prices per meter range from $10 to $25, with ladder trays generally costing more than perforated or wire mesh trays due to their load-bearing capacity.

Bulk orders or project-based purchases can lower the per-meter cost significantly.

Types and Applications

Ladder Cable Trays: Open design with side rails and rungs, suitable for heavy cable loads and high-heat areas like power plants or manufacturing units. Slotted or Perforated Trays: Provide ventilation and allow cable movement, ideal for industrial and commercial buildings. Enclosed or Fireproof Trays: Protect cables from external elements and are used in chemical, marine, or food processing industries.

Purchasing Options in Grenada

Local suppliers and importers can be found through B2B marketplaces and specialized distributors. Websites like Opentip.com offer fireproof stainless steel cable trays with bulk discounts and fast delivery to Grenada. For large projects, contacting suppliers directly for quotes is recommended, as custom solutions are common and shipping costs can impact the final price.

Additional Cost Considerations

Shipping and Import Fees: Heavier stainless steel trays incur higher transport costs to Grenada. Installation Costs: Labor, mounting complexity, and additional materials can add to the total project cost. Project Size: Larger trays may have higher material costs but lower cost per cable due to efficiency.

In summary, for Grenada, expect stainless steel cable trays to cost between $10 and $25 per meter, with variations depending on tray type, size, and supplier, and potential savings for bulk orders or direct import.
