Price of Steel Reinforced Cable Trays in the United States

Overview

Steel trays typically cost between $5 to $25 per meter. They are strong, durable, and widely available, making them ideal for general-purpose electrical installations in residential, commercial, and industrial settings. Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation. This guide breaks down everything buyers need to know, from price trends to cost-saving tips. 2 Why is Conduit So Expensive?

8. 3 What is the Best Way to Save Money?

The selection of the method. Choose from our selection of cable trays, including over 850 products in a wide range of styles and sizes. Heavy duty cable trays and cable ladders are manufactured from pre-galvanized, electro-galvanized, or hot-dipped galvanized sheet metal, designed to meet ideal environmental working conditions for indoor and outdoor use in commercial or industrial environments with high cable density.
