Key Takeaways

The price of color steel cable trays in Sudan varies depending on type, size, and material, with suppliers offering competitive quotes upon request.

Overview of Cable Tray Types and Materials

In Sudan, cable trays are available in several types, including perforated trays, ladder trays, and galvanized steel trays, each designed for specific applications and load capacities. Materials commonly used include galvanized steel, stainless steel, and fiberglass, with color-coated steel trays providing additional corrosion resistance and aesthetic appeal. Perforated trays allow airflow to prevent overheating, while ladder trays are ideal for heavy-duty installations.

Pricing Considerations

Material and Coating: Color-coated steel trays generally cost more than plain galvanized steel due to the additional finishing process and corrosion protection. Tray Type: Ladder trays and heavy-duty galvanized trays are typically more expensive than perforated or U-shaped channel trays because of higher material usage and structural strength. Size and Length: Prices increase with tray width, depth, and length, as larger trays require more steel and labor for manufacturing.

Supplier and Service: Local suppliers like Brilltech Engineers and Jeetmull Jaichandlall offer tailored solutions, including custom sizes and color options, and provide quotes based on project requirements.

Estimated Price Range

While exact prices are not publicly listed online, perforated color steel trays in Sudan typically start from around $15–$25 per meter for standard sizes, with larger or heavy-duty ladder trays ranging from $30–$50 per meter, depending on material quality and coating. For precise pricing, contacting suppliers directly is recommended, as they can provide custom quotes based on dimensions, load requirements, and delivery options.

Recommended Suppliers in Sudan

Brilltech Engineers Pvt. Ltd.: Offers galvanized and ladder cable trays with customization options and export services. Jeetmull Jaichandlall (P) Ltd.: Specializes in perforated cable trays with color options and high-quality finishing.

Shopit South Sudan: Provides a range of cable trays with fast delivery and local support. For procurement, it is advisable to request quotes from multiple suppliers, specify the tray type, material, and color, and confirm delivery and installation support to ensure the best value.
