Price of cable trays in Jamaica

Overview

Cable Tray is often a cost-effective solution compared to other materials. It is relatively affordable, especially when considering its durability and long lifespan.

Key Takeaways

Cable trays in Jamaica typically range from JMD 1,500 to JMD 10,000 per meter, depending on material, size, and supplier.

Cost Factors

Material: Cable trays are commonly made from steel, aluminum, or galvanized metal. Steel trays are generally more affordable, while aluminum trays are lighter and corrosion-resistant, often costing more. Type and Size: The price varies with width, depth, and design (ladder, perforated, or solid-bottom trays).

Larger or heavy-duty trays for industrial use are more expensive. Supplier and Brand: Local suppliers like Jeetmull Jaichandlall, CB Cabling Technologies, and Cesco Limited offer competitive pricing, and costs may differ based on bulk orders or customization. Installation and Accessories: Additional costs may include supports, brackets, bends, and installation labor, which can significantly affect the total project cost.

General Price RangeSmall/light-duty trays: Approximately JMD 1,500–3,500 per meterMedium-duty trays: Approximately JMD 3,500–6,500 per meterHeavy-duty or custom trays: Approximately JMD 6,500–10,000 per meterRecommendationsContact local suppliers directly for quotes based on your specifications. Many suppliers provide customized solutions and can advise on the most cost-effective options. Consider durability and maintenance; investing slightly more in corrosion-resistant materials can reduce long-term costs.
