Price of ribbon indoor optical cable

Overview

Ribbon Cable, Bulk Ribbon Fiber Optic Cable For Indoor Outdoor. Ribbon Fiber Cable has recently emerged as a primary cable choice for deployment in campu.

Key Takeaways

Indoor ribbon optical cables typically range from $0. 49 to $2. 55 per meter, depending on fiber count, type, and jacket rating.

Pricing by Fiber Count and TypeSinglemode Indoor Ribbon Cables: Prices start around $0. 49 per meter for 4-fiber cables, increasing to $1. 43 per meter for 12-fiber cables for standard flat ribbon designs.

Plenum-rated 24-fiber singlemode cables can cost around $1. 66 per foot, while higher-density or armored options may reach $2. 64–$2.

84 per foot. Multimode Indoor Ribbon Cables: 4-fiber multimode cables start at approximately $0. 60 per meter, with 12-fiber multimode cables priced around $1.

54–$2. 43 per meter depending on OM3/OM4 specifications and plenum ratings.

High-

Density or Specialty Cables: Ultra-thin micro-armored or high-strand-count cables (e.g., 48–288 fibers) can range from $1. 66 to over $10 per foot, reflecting additional protection, bend resistance, and installation convenience.

Factors Affecting Price

Fiber Count: Higher fiber counts increase material and manufacturing complexity, raising per-meter costs. Fiber Type: Singlemode fibers are generally slightly cheaper per meter than multimode for low counts, but high-performance multimode (OM3/OM4) can be more expensive. Jacket Rating: Plenum-rated (OFNP) or LSZH jackets for fire safety increase cost compared to standard riser-rated jackets.

Armoring and Special Features: Micro-armored, gel-filled, or UV-resistant cables designed for indoor/outdoor transitions are priced higher due to durability and installation advantages. Bulk Purchase: Many suppliers offer lower per-meter prices for larger quantities.

Typical Cost Range Summary

Cable Type

Fiber CountPrice Range (per meter)Singlemode Flat Ribbon4–12 fibers$0. 49 – $1. 43Multimode Flat Ribbon4–12 fibers$0.

60 – $2. 43Plenum/Armored High-Density24–288 fibers$1. 66 – $10+For planning purposes, most standard indoor ribbon cables for data centers or enterprise backbones fall between $0.

50 and $2. 50 per meter, with specialized high-density or armored cables exceeding this range. Suppliers often provide quotes for custom lengths and fiber counts, which can further optimize cost.
