Ranking of Chinese Laser Diode Manufacturers

Overview

2026 Top 10 Laser Diode Manufacturers in ChinaThis ranking is generated based on public data from Baidu B2B platform and common industry assessment dimensi.

Key Takeaways

Han's Laser, HGtech, RAYCUS, UW Laser, and Appotronics are among the top Chinese laser diode manufacturers based on revenue, net profit, and production capabilities. Top Chinese Laser Diode Manufacturers by Revenue and Market InfluenceHan's Laser Technology Industry Group Co., Ltd – Established in 1996 in Shenzhen, Han's Laser is a global leader in laser equipment and diode manufacturing. It specializes in high-precision cutting, PCB laser processing, and laser welding for industrial and new energy applications.

Revenue for the first three quarters of 2023 reached 9. 387 billion yuan, with a net profit of 0. 633 billion yuan, reflecting strong market dominance and diversified capabilities.

H

Gtech – Known for its high-performance laser diodes and industrial laser systems, HGtech reported revenues of 7. 208 billion yuan and the highest net profit among Chinese laser companies at 0. 812 billion yuan.

The company focuses on industrial applications and has a strong R&D presence.

RAYCUS LASE

R – Wuhan Raycus specializes in high-power fiber lasers and diode lasers. It achieved revenues of 2. 583 billion yuan and net profits of 0.

172 billion yuan. Raycus is recognized for its scale production and innovation in fiber-coupled diode technology.

U

W Laser – With revenues of 2. 555 billion yuan and net profits of 0. 252 billion yuan, UW Laser is a key player in industrial laser applications, including marking, cutting, and engraving.

The company emphasizes high-quality diode production and customization. Appotronics – Generating 1. 651 billion yuan in revenue and 0.

129 billion yuan in net profit, Appotronics focuses on laser diode modules for industrial, medical, and scientific applications, offering energy-efficient and precise solutions. Yawei Co., Ltd. – Revenue of 1. 518 billion yuan and net profit of 0.

101 billion yuan. Yawei provides laser processing equipment and diode solutions for industrial manufacturing.

D

R Laser – Revenue of 1. 152 billion yuan and net profit of 0. 339 billion yuan, specializing in laser marking and engraving systems.

HYMSO

N – Revenue of 3. 361 billion yuan and net profit of 0. 312 billion yuan, focusing on industrial laser applications.

BOCH

U – Net profit of 0. 572 billion yuan, with a strong presence in laser diode manufacturing for industrial applications.

CASTEC

H – Net profit of 0. 164 billion yuan, providing laser diode components and modules for scientific and industrial use.

Additional Notable Manufacturers

Vivlaser, Everbright, BWT, Raycus – Recognized for customizable diode pump sources and industrial applications, particularly in medical and scientific sectors.

JP

T, LASERCHINA, DNE Laser, Protube – Offer a range of diode lasers, fiber lasers, and laser systems with strong factory capabilities and trust scores in China.

Summary

The Chinese laser diode industry is dominated by Han's Laser and HGtech, followed by mid-tier leaders like RAYCUS, UW Laser, and Appotronics. Rankings are based on revenue, net profit, production scale, and technological innovation, with many companies also serving international markets. These manufacturers provide solutions across industrial, medical, and scientific applications, making China a major hub for laser diode production.

Article Content

2026 Top 10 Laser Diode Manufacturers in China

This ranking is generated based on public data from Baidu B2B platform and common industry assessment dimensions, focusing on enterprise activity, business qualifications, product matching

2026 Top 10 Laser Diode Manufacturers in China

When evaluating suppliers, it is recommended to combine industry data platform statistical information and compare the actual delivery cases and technical support capabilities of

Spitze 10 Hersteller von Laserdioden in China

Discover the top 10 laser diode manufacturers in China, including Vivlaser, Everbright, BWT, Raycus, und mehr. Learn about their main products, strengths, and market roles in industrial,

Laser Diode Manufacturers

The leading Laser Diode Manufacturers in China are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view their

Laser Diodes from Manufacturers in China

1002 Laser Diodes from 12 manufacturers listed on GoPhotonics. Search by specification. Selected filters - Country : China, Page-1.

Top 10 Laser China Manufacturers (2026 Audit Report)

Against this backdrop, a closer look at the top 10 laser manufacturers in China reveals key innovators shaping both regional and international laser technology trends.

Laser Diode Manufacturers & Suppliers

laser diode manufacturers/supplier, China laser diode manufacturer & factory list, find best price in Chinese laser diode manufacturers, suppliers, factories, exporters & wholesalers quickly on Made-in

Top 29 Listed Laser Companies in China

Han''s Laser established in 1996 in Shenzhen, China, has grown to become a global leader in the laser equipment manufacturing sector. As a high-tech enterprise, it specializes in

List of Laser Diode Modules companies in China

New Diode Laser (NDL) is a high power laser diode manufacturer from China. With more than 10 years experience of packaging and pumped solid-state (DPSS) designs, NDL now able to provide reliable

Laser Diode

Global Laser Diode key players include Sony, Nichia, Sharp, Ushio, Osram, etc. Global top five manufacturers hold a share over 65%. North America is the largest market, with a share over

Semiconductor & System Solutions | Infineon Technologies

Infineon Semiconductor & System Solutions - MCUs, sensors, automotive & power management ICs, memories, USB, Bluetooth, WiFi, LED drivers, radiation h

2026 Top 10 Laser Diode Manufacturers in China

The top 10 Laser Diode manufacturers in China for 2026 are: Wuxi Siborui Technology Co., Ltd, Weishi Bochuang (Tianjin) Technology Co., Ltd, Wuxi Leixu Technology Co ...

Top Laser Diode Market Companies

Authoritative ranking, profiles, SWOT and strategic outlook of top Laser Diode market companies, covering revenues, growth drivers and regional competitiveness through 2031.

Laser Diode Manufacturers

A Laser Diode is a type of semiconductor device that produces coherent light through the process of stimulated emission. The leading manufacturers of Laser Diodes are listed below. Narrow down on

Top 5 Laser Diode Manufacturers Companies in the World

© 2026 FD SOLUCIONES OPTICAL SYSTEMS - All rights reserved

Top laser diode companies include Coherent, Inc., IPG Photonics Corporation, OSRAM, TRUMPF, and Jenoptik AG, among others.

Diodes Companies

List of the top Diodes companies based on extensive research conducted by Mordor Intelligence analysts and expert advisors that identified these brands to be the leaders and major players in the

Top 10 Laser China Manufacturers (2026 Audit Report)

Top 10 Laser China Manufacturers (2026 Audit Report) The global laser manufacturing market has experienced robust growth over the past decade, driven by increasing demand across industries

20 LED Diode Manufacturers in 2026

20 LED Diode Manufacturers in 2026 This section provides an overview for led diodes as well as their applications and principles. Also, please take a look at the list of 20 led diode manufacturers and
