Reference Price for Metal Cable Trays in Albania

Overview

Wire mesh is made from sturdy Galvanised Cable Tray, metal wires woven or welded together, making it highly resistant to impact and deformation.

Key Takeaways

The price of metal cable trays in Albania varies depending on material, size, customization, and supplier, with galvanized steel trays being widely available and tailored to project needs.

Factors Affecting Price

Material Type: Cable trays are commonly made from galvanized steel, stainless steel, or fiberglass. Galvanized steel is the most popular due to its durability and corrosion resistance, while stainless steel and fiberglass are more expensive options for specialized applications. Customization: Prices increase with custom sizes, shapes, perforations, or coatings.

Suppliers in Albania, such as Jeetmull Jaichandlall and Brilltech Engineers, offer tailored solutions to meet specific industrial requirements, including heavy-duty or corrosion-resistant designs. Tray Type and Configuration: Ladder-type, perforated, or solid-bottom trays have different costs. Perforated trays allow better airflow and cooling but may be slightly more expensive due to manufacturing complexity.

Quantity and Bulk Orders: Larger orders often reduce the per-unit cost. Many Albanian suppliers provide discounts for bulk purchases and can handle both small-scale and industrial projects. Supplier and Service: Companies like Mava Profile and Brilltech Engineers offer not only the trays but also installation support, design consultation, and delivery, which can influence the overall cost.

Typical Price Range

While exact prices are not publicly listed, custom metal cable trays in Albania generally range from moderate to high depending on specifications. For standard galvanized steel trays, prices are competitive, but highly customized or stainless steel trays will cost more. Contacting suppliers directly with your dimensions, material preference, and quantity is the best way to obtain an accurate quote.

Recommended Suppliers in Albania

Jeetmull Jaichandlall (P) Ltd. – Offers galvanized cable trays in various sizes, shapes, and colors with high-quality finishing. Brilltech Engineers Pvt. Ltd. – Provides galvanized, stainless steel, and fiberglass trays with design and installation support.

Mava Profile Sh.p.k – Supplies metal and steel products, including hollow sections and sheets suitable for custom cable tray fabrication. Supermarket Rack / Micro Sheet Crafts – Offers modular and customized cable trays with affordable pricing options. For precise pricing, it is recommended to submit a detailed inquiry to these suppliers specifying your project requirements, including material, dimensions, load capacity, and quantity.

This ensures you receive a custom quote tailored to your needs.
