Saudi Arabia Temporary Distribution Box Manufacturer

Overview

Kesher Automation is a trusted Industrial Distribution Box manufacturer in Saudi Arabia, offering CPRI approved panels designed for safety, precision, and long-term performance across industries.

Key Takeaways

Top manufacturers of temporary and low-tension distribution boxes in Saudi Arabia include Kesher Automation, Coloria, Industrial Systems Group (ISG), Alrouf Electrical, and Perfect Automation & Innovation.

Leading Manufacturers

Kesher Automation is a prominent manufacturer and exporter of LT Distribution Boxes in Saudi Arabia, offering solutions for industrial, commercial, and residential applications. Their products feature robust protection against overloads, short circuits, and phase failures, and can be integrated with PLC and SCADA systems for centralized control and real-time diagnostics. Kesher Automation's boxes are fully CPRI approved and comply with international quality and safety standards, with customizable voltage and current specifications.

Coloria provides reliable power distribution boxes tailored to Saudi Arabia's construction and industrial sectors. They emphasize compliance with local regulations, durable materials suitable for harsh climates, and solutions that support large-scale projects, including residential towers, commercial complexes, and hospitals. Industrial Systems Group (ISG) specializes in explosion-proof electrical equipment, including panel boards, circuit breakers, junction boxes, enclosures, and switch racks.

Established in 2008, ISG is ISO certified and approved by Saudi Aramco and SABIC, offering high-quality, locally manufactured solutions for industrial and hazardous environments. Alrouf Electrical Accessories manufactures a variety of steel and plastic electrical boxes and enclosures from their facility in Dammam. Their products protect wiring and connections, ensuring safety and durability in industrial and commercial installations.

Perfect Automation & Innovation is a leading manufacturer and wholesaler based in Riyadh, providing power distribution boxes, control panels, and power contactors. They offer customized solutions and emphasize quality inspection and cost-effective delivery for industrial and commercial clients.

Key Considerations

When selecting a temporary distribution box manufacturer in Saudi Arabia, consider: Compliance and Certification: Ensure products meet CPRI, ISO, and local electrical standards. Customization: Voltage, current, and enclosure specifications should match project requirements. Integration: Compatibility with PLC, SCADA, or other monitoring systems for operational efficiency.

Durability: Materials suitable for Saudi Arabia's climate, including high temperatures and dust exposure. Support and Service: Local presence for installation, maintenance, and technical support. These manufacturers provide a range of options for temporary or permanent distribution boxes, catering to industrial, commercial, and residential projects across Saudi Arabia.
