# Saudi Arabia joins in transparent optical cable 2-core

## Overview

stc Group has launched the first high-speed cable in the Red Sea, known as Saudi Vision Cable, through its landing in Jeddah on August 25, 2022. The Saudi Vision Cable is a 1,160km submarine cable connecting Jeddah, Yanbu, Dibba and Haql, the major subsea hubs in Red Sea cities of Saudi Arabia. The system takes its name from the government's strategic framework, Kingdom Saudi Arabia (KSA) Vision 2030, spans 1,160km in length and is fully. Mobily lands Africa-1 submarine cable in Saudi Arabia, enhancing broadband capacity, regional connectivity, and advancing Saudi Vision 2030's digital transformation goals. Etihad Etisalat (Mobily), Saudi Arabia's leading technology, media, and telecommunications (TMT) announces the successful. Center3, a subsidiary of the stc group, in partnership with Meta, has announced the installation of the world's longest subcable at two of the four intended landing sites in Saudi Arabia – Jeddah and Yanbu.
