Six-core fiber optic cable splice box

Overview

This compact 6 port outdoor fiber distribution box is a versatile solution for high-speed FTTH deployments in residential and business environments. It integrates splicing, optical splitting, and patch management within a single, space-saving unit. □SC Fiber Optic Kit Panel□Wall Mount Fiber Enclosure with Spool 6 Strands SC Pigtail SingleMode 9/125; Dimension 255mm*130mm*40mm, Can be mounted vertically or horizontally;The kit provides optimum protection, keeps your fiber distribution organized when space is limited and maintains the integrity. The fiber optic termination box is great for jointing optical cable and pigtail or splitter, which can achieve cable direct and branch connection. The plastic splice box offers the functions of mechanical/fusion splicing, splitting, and distribution, It is waterproof and suits indoor and outdoor. Fiber Optic Wall Mount Box with LC Couplers for Single Mode & Multimode Fiber Optic Cable. | Fiber Box Enclosure for MPOE's, Network Rooms, and IDF Rooms. With their compact and uniform design, the splice boxes for both the DIN rail and 19" mounting provide ample interior space for the secure connection of fiber optics.
