Syrian Certified Fiber Optic Distribution Box 24 Cores

Overview

The 24 port fiber optic distribution box provides a protected termination point for feeder cable to connect with drop cable in FTTH and FTTx communication networks. It can loaded with maximum 2 sets of tube splitter according to your requirements. The ABS high-grade plastic material of ODB. 24 core SC / 48 core LC fiber distribution box for the last mile installation The Fiber Optic Distribution Box features a convenient flip-up design, facilitating effortless fiber management during installation. The individually installed splicing trays can be easily repositioned as necessary. Ideal for FTTH applications, this compact wall-mountable cabinet integrates termination, splicing, and distribution functions in. This distribution box terminates up to 2 fiber optic cables, offers spaces for splitters and up to 48 fusions, allocates 24 SC adapters and working under both indoor and outdoor environments. It is a perfect cost-effective solutionprovider in the FTTx networks For order details and product.
