Offers both standard and customized trays, with export experience to Middle Eastern countries, including Turkmenistan. Pricing is competitive and depends on specifications, quantity, and delivery requirements.

Imported Options

Turkish ManufacturersHot-dip galvanized steel cable trays are available for industrial and data center applications. Average wholesale price for bulk orders is approximately $12,804 per unit, suitable for high-load and outdoor installations. Turkish trays are known for corrosion resistance, compliance with ASTM and TS EN standards, and high mechanical strength.

Factors Affecting Price

Material and Coating: Hot-dip galvanized trays are more expensive than pre-galvanized or powder-coated options due to superior corrosion protection. Tray Type: Ladder, perforated, or solid-bottom trays have different load capacities and costs. Dimensions: Width, depth, and length of trays influence material usage and price.

Quantity: Bulk orders often reduce per-unit cost. Customization: Special sizes, bends, or accessories may increase the price.

Recommendations

Contact local suppliers like Jeetmull Jaichandlall or Brilltech Engineers for quotes tailored to your project requirements. For large-scale or specialized installations, consider importing Turkish galvanized trays for high durability and compliance with international standards. Ensure specifications match your load, environmental, and corrosion resistance requirements to optimize cost-effectiveness and longevity.

By comparing local and imported options, you can select galvanized cable trays that balance quality, durability, and price for your Turkmenistan projects.
