Overview

Our range covers light, medium and heavy-duty your project. For related systems, see our full cable . Are you looking for high-quality Cable Trays for improved cable management and organisation?

Look no further than our extensive range, featuring top brands such as our very own RS PRO, Cablofil International, Legrand, and StarTech. These cable trays are designed to hold and support various. The aluminum cable tray is a lightweight, durable, and cost-effective solution used for organizing and safely carrying electrical and data cables. With easy installation and strong corrosion resistance, it is ideal for both indoor and outdoor applications. Aluminium fights corrosion naturally. This layer protects the metal from rust. Aluminium works well in different places without needing extra paint or coatings that can chip or wear off. This means less. Backed by 19 years of manufacturing experience and full BS EN 61537 compliance.
