UK cable tray connector manufacturer

Overview

UK Cable Tray manufacturing companies are offering a wide range of solutions, from standard components to highly specialized, bespoke systems, meeting the needs of various sectors.

Key Takeaways

Leading UK cable tray manufacturers include Aitkens Cable Tray Systems, Armorduct Systems, Trench Ltd, METSEC, and CMW Ltd, offering high-quality, compliant, and customizable cable management solutions.

Top Manufacturers and Their Offerings

Aitkens Cable Tray Systems – Based in Scotland, Aitkens is a family-owned company producing light, medium, and heavy-duty tray sections entirely in-house. Their systems are manufactured from pre-coated galvanized steel, with perforated tray beds and integral couplers for easy installation. They adhere to BS EN 10327: 2004 standards, ensuring durability and reliability across commercial and industrial environments.

Armorduct Systems Ltd – A UK manufacturer specializing in steel cable management systems, including cable trunking, trays, baskets, floor boxes, and power tracks. They offer both standard and bespoke solutions, designed and manufactured in-house to meet specific project requirements. Trench Ltd – Established in 2001, Trench provides a wide range of cable management solutions, including flush floor and underscreed trunking systems, IP4X-compliant lid fix bars, and the OBO Magic Basket Tray range.

They focus on reliability, fast delivery, and bespoke solutions, supported by their global partner OBO Bettermann.

METSE

C (Voestalpine Metsec) – Operating since 1931, METSEC manufactures metal processing solutions, including cable trays, from their Oldbury site. They leverage global resources to provide high-quality, durable products for diverse industries.

CM

W Ltd (Cable Management Warehouse) – A leading distributor and manufacturer, CMW offers perforated trays, ladder trays, and trunking systems. They provide trade counter collection, online ordering, and account management, catering to industrial, commercial, and telecom applications.

Key Considerations

Compliance and Standards: Most UK manufacturers adhere to BS EN and ISO certifications, ensuring safety and reliability. Material and Durability: Products are typically made from galvanized steel or aluminum, with options for corrosion resistance and long service life. Customization: Many manufacturers offer bespoke solutions to meet specific project requirements, including tray dimensions, load capacity, and installation environment.

Technical Support: Leading manufacturers provide sales support, CAD/CAM design assistance, and installation guidance to ensure efficient project execution. For critical projects requiring compliance, customization, and technical support, UK-based manufacturers like Aitkens, Armorduct, and Trench are recommended. For standard applications, reputable distributors such as CMW Ltd or stockists of major brands may suffice.
